

## Security Agency Expected To Get Cabinet Status

By ED CREAGH

Washington (AP) — President Eisenhower today sends Congress his first government reshuffling proposal—a plan to reorganize the catch-all Federal Security Agency and turn it into a Cabinet rank department.

Mrs. Oveta Culp Hobby now is head of FSA and already sits in on Cabinet meetings. The assumption is that she would become the new secretary.

Set Up In 1939

FSA was set up by President Franklin D. Roosevelt in 1939. It includes the social security system, Public Health Service, Food and Drug Administration, Office of Education and various other agencies in the education, health and welfare fields.

In advance of submitting the plan to Congress, the White House declined to say what was in it.

Reporters had no chance to question Eisenhower further today. He decided not to hold a news conference this week.

The expectation on Capitol Hill was that the President's FSA reorganization plan would propose:

1. An internal reshuffling of FSA under the Government Reorganization Act, which Congress recently extended. Such a reorganization would go into effect in 60 working days unless a constitutional majority in either house—that is, 49 senators or 218 House members—disapproved.

2. Separate legislation making FSA the 10th full department of government.

No Strong Opposition

So far as reshuffling the agency goes, administration leaders see no sign of strong dissent from Congress although a fight is always possible when federal activities in the health and education fields are involved.

The cry of "socialized medicine" was raised repeatedly at various programs sponsored by Oscar Ewing, who headed FSA in the Truman administration. Opposition to Ewing is believed largely responsible for Congress' refusal to approve past plans for creating a department of health and welfare.

## Law Gets Horse Of Lady Godiva

ST. LOUIS, (AP)—Frances DuBay, a "Lady Godiva," and Melody Lady, her horse, were separated by the sheriff yesterday.

Melody, a well trained animal, helps Frances, a strip teaser, disrobe—almost.

Melody removes garment after garment from her mistress's body until Frances takes on the appearance of a Lady Godiva—in the flesh.

Then the law stepped in. Miss DuBay's manager and attorney filed suit claiming she owed them \$25,085. Sheriff Martin L. Tozer attached Melody Lady, Miss DuBay's station wagon and Lady's trailer.

Sheriff Tozer had a heart for art, however, and allowed Miss DuBay to borrow Lady for a wind-up performance last night.

## Big Auto Runs Wild After Broadway Show And 24 Are Injured

NEW YORK (AP)—A happy throng emerging from a gay Broadway musical matinee, a car lurching out of control over the curb and ramming into the crowd amid screams of the injured and frightened.

It happened at 5:15 p.m. (EST) yesterday just after a performance of "Guys and Dolls."

Twenty-four persons were injured, two of them seriously. All but three of the victims were women.

The car belonged to Rodney Wilcox Jones of New Rochelle, N. Y. Jones said he stopped near the 46th Street Theatre, between Broadway and Eighth Avenue to pick up his wife and two other women who had seen the show.

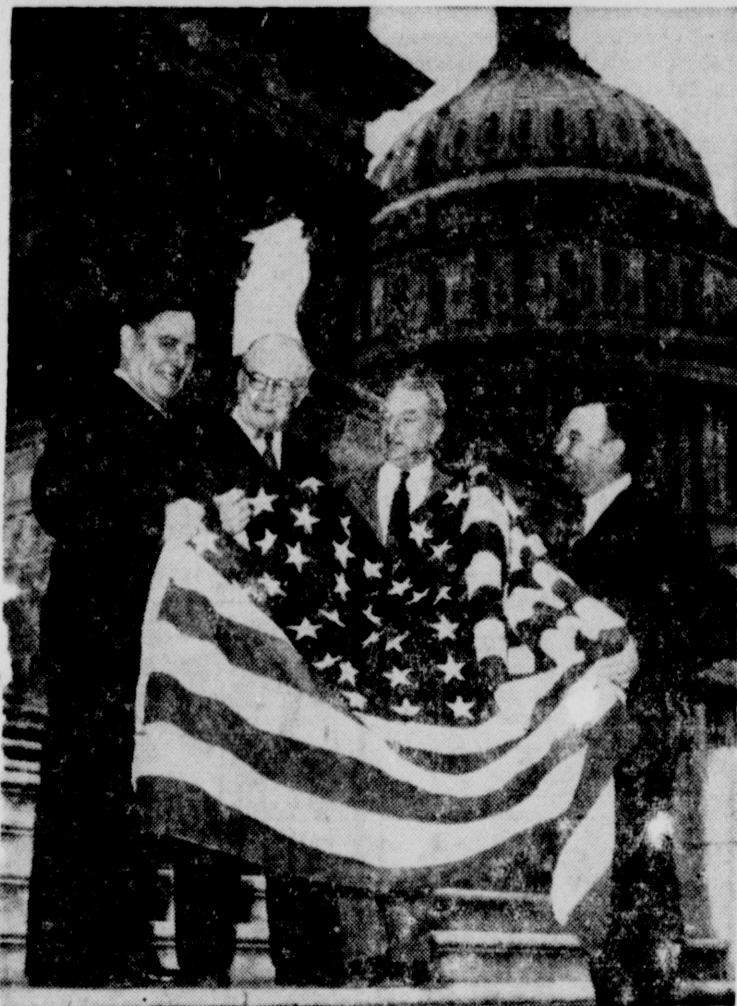

After he put his car in gear, Jones said, the gas pedal stuck and the big Cadillac ran wild. It finally halted against a restaurant's canopy support.

## Former Cook Sues Queen For \$100,000

LOS ANGELES (AP)—A \$100,000 damage suit has been filed against Queen Nazi Fuad of Egypt and her daughter, Princess Fathia, by their former cook, Mrs. Lillian Selfors.

Mrs. Selfors said in her complaint yesterday that she was knocked down by their Afghan dog, Duke, and suffered a broken leg in the kitchen of the queen's Beverly Hills mansion.

Queen Nazi is the mother of the deposed King Farouk.

HAWAII NEAR STATEHOOD—By a 274-138 vote, the House passed and sent to the Senate the bill to admit Hawaii as the 49th state. Looking at American flag which may soon have another star are (left to right) Speaker Joe Martin; Joseph Farrington, delegate from Hawaii; Rep. Charles Halleck (R-Ind.) and Rep. John Saylor (R-Pa.), chairman of House committee on Hawaiian statehood. (NEA Telephoto)

## Military Command Shakeups Suggested To Pep Up Defense

By EDWIN B. HAAKINSON

WASHINGTON (AP)—Some senators talked today of a shakeup in the nation's top military command because of what they called lagging defense efforts and reported shortages of ammunition in Korea.

The Senate Armed Services Committee was called into session for a decision on what to do about its investigation of Korean ammunition stocks, touched off by the assertion of Gen. James A. Van Fleet that there were serious shortages throughout his 22 months as Eighth Army commander there.

Two committee members made plain they would press for concrete action.

Short Of Everything

Sen. Symington (D-Mo) said that

if the American people knew the "whole brutal truth" about communism in the colleges is on the wane, as contended by a New York City educator.

Jener said in an interview that the Senate internal security subcommittee he heads still has a long way to go to determine the extent to which Reds may have burrowed into college campuses.

Dr. Harry Gideonse, president of Brooklyn College in New York, told the Senate investigators yesterday that communism is "on the run" in this country, particularly in the schools and colleges.

He credited legislative investigation groups, such as the Senate subcommittee, with helping to bring this about and urged educators to co-operate with the current probe.

Rep. Roosevelt introduced yesterday a bill aimed at having the House fire Velde, a former FBI agent, as head of its Communist-hunting committee.

The New Yorker charged Velde with having made recent statements and accusations which

living in Mississippi, are placing their faith in the hands of A. T. Weir, a 75-year-old Philadelphia, Miss., lawyer who says his sum total of schooling amounts to four months and two days.

Weir has lived among the Choctaws all his life. He became their legal counsel about three years ago with the consent of the federal government.

The Indian Claims Commission was created by Congress in 1946 for a period of 10 years to dispose of—once and for all—the claims of all Indian bands against the government.

Lives With Indians  
The Choctaw band, most of them

Cheated By Firewater  
Weir said in an interview last night the underlying trouble was the fact that the Indian just never got the hang of the white man's ways, a situation he says that exists even today.

The attorney said if the commission will permit he'll trot out between 400 and 500 Choctaws as witnesses to testify. Some of them speak only Choctaw and will have to be heard through an interpreter.

"Just to give you an idea what I found in going over them treaties," Weir said, "I found where the white man 'treated' them out of about 25 million acres of land in exchange for land in Oklahoma that the Indians owned anyway."

The big words in the treaties plus the use of firewater spelled the doom of the Indian in trading with his pale-faced brothers, Weir claims.

## Hunt Continues For Communists In U. S. Schools

By HARRY P. SNYDER

WASHINGTON (AP)—The House Un-American Activities Committee today went ahead with its hunt for Communists in the schools in the face of a move to unseat its top man—Rep. Velde (R-Ill.).

The probers called an Eastern university law professor, Velde, whose ouster as chairman is being sought by Rep. Roosevelt (D-NY), declined to name the witness in advance. Velde said he would answer questions concerning efforts to obtain confidential information from the government.

Subversives On Run

Sen. Jenner (R-Ind.) said, meanwhile, that only further investigation will determine whether communism in the colleges is on the wane, as contended by a New York City educator.

Jener said in an interview that the Senate internal security subcommittee he heads still has a long way to go to determine the extent to which Reds may have burrowed into college campuses.

Dr. Harry Gideonse, president of Brooklyn College in New York, told the Senate investigators yesterday that communism is "on the run" in this country, particularly in the schools and colleges.

He credited legislative investigation groups, such as the Senate subcommittee, with helping to bring this about and urged educators to co-operate with the current probe.

Rep. Roosevelt introduced yesterday a bill aimed at having the House fire Velde, a former FBI agent, as head of its Communist-hunting committee.

The New Yorker charged Velde with having made recent statements and accusations which

living in Mississippi, are placing their faith in the hands of A. T. Weir, a 75-year-old Philadelphia, Miss., lawyer who says his sum total of schooling amounts to four months and two days.

Weir has lived among the Choctaws all his life. He became their legal counsel about three years ago with the consent of the federal government.

The Indian Claims Commission was created by Congress in 1946 for a period of 10 years to dispose of—once and for all—the claims of all Indian bands against the government.

The big words in the treaties plus the use of firewater spelled the doom of the Indian in trading with his pale-faced brothers, Weir claims.

through which Democrats were chosen to be postmasters, a highly placed Republican senator said today.

This was described as a necessary first step in a series of moves to give Republicans a taste of the postmastership plums for the first time in about 20 years. As a second step, new examinations would have to be held.

Filled By Democrats

All of the 40,000 postmasterships in the country are under civil service. About 3,000 of them are vacant or are filled by temporary appointees.

The Republicans have been eyeing these 3,000 jobs. But they have found that, as a result of the civil service examinations for them, nearly all are filled by Democrats. The appointments must be made from the top three in each examination.

Despite the civil service status of the jobs, there always has been considerable politics in the filling of the more important postmasterships—the 22,241 first, second and third-class posts.

These three classes are filled by presidential nomination with Senate confirmation. Members of the

House and local political leaders have made the recommendations.

New Commission Formed

Republicans say no members of their own party took the tests for the posts prior to the change in administrations, because a Democrat always turned up in the top three and got the job.

A Republican senator said an executive order setting aside the examinations probably would be issued after the Civil Service Commission has been reconstituted. He said this would be soon.

The senator, who declined use of his name, predicted Eisenhower would name Philip Young, dean of Columbia University's School of Business, as chairman of the new commission. Young has conferred at the White House and with Republicans on Capitol Hill this week.

AROUSES CLERGYMEN — Rep. Harold H. Velde (above), Pekin, Ill., Republican, has stirred a hornet's nest by suggesting that the House Un-American Activities committee, which he heads, might investigate Communism in churches. His own minister, Rev. Joseph Albrecht, asserted that "such an inquiry could be very dangerous to democracy." (NEA Telephoto)

## English Craft Is Attacked By Soviet Fighters

LUENEBURG, Germany (AP)—Soviet jet fighters shot down a British military aircraft near the frontier between the British and Russian zones of Germany today. At least four British airmen were killed.

The British plane fell in flames just across the frontier, in territory ruled by the Russians.

Russians Over Border

Eyewitnesses declared the attackers had invaded West Germany, where four of the victims were found.

A British sergeant who parachuted from the crippled plane died enroute to a hospital. He had a bullet wound in a shoulder, but German doctors said he died of a broken neck.

A German who drove the sergeant to a Luenburg hospital said three other men aboard the downed plane had been found dead.

First reports varied as to whether the plane shot down—two days after an American jet was downed by MIGs near the Czech-German border—was a two or four engine craft.

Shot At Parachutes

A West German policeman said "the fighter planes must have shot at the parachutes of the escaping victims because one parachute had a big bullet hole."

This policeman said eyewitnesses saw an attacking plane over West German territory, but the downed craft apparently fell across the Elbe in Russian-controlled territory.

The hospital said the sergeant brought in dead carried a daily assignment schedule from a British military unit at Hamburg, 30 miles northwest of the area in which the plane crashed.

The Royal Air Force had no comment immediately on the incident, even more than an hour after details had been confirmed. Its comment likely was being delayed because of the delicate international implications.

Last May an Air Force transport flying to West Berlin was attacked by Soviet fighters over East Germany. Four civilians aboard were wounded. The Russian claimed the plane was outside the corridor provided for such flights, but Air France said this was not true.

Last October a U. S. Air Force hospital plane was fired at by a Soviet fighter over East Germany, but reached Berlin unscathed.

An unarmed U. S. Navy Privateer plane, with 10 men aboard, was shot down in a flight over the Baltic in April, 1950. Soviet Russia rejected U. S. protests and insisted the plane had penetrated Soviet-controlled territory. Another incident occurred in November, 1951, when a U. S. cargo plane, off course on a flight from West Germany to Belgrade, Yugoslavia, was shot down.

## Town Dynamited In Mill Strike

ELIZABETH, La. (AP)—State police patrons were increased in this strike-torn South-Central Louisiana paper mill area after another dynamite explosion rocked the town.

The blast—one of five automobile dynamitings in the past few days—was part of a series of violence that saw a bridge dynamited, power lines cut and homes blasted with shotguns in the six months since the strike started.

Mayor C. H. Fernstermaker of nearby Oakdale said the situation verged on civil war and that the state police, National Guard, "or something" was needed to stop it.

State Police Supt. Col. Francis Grevenberg threw in his reinforcements yesterday at the request of Sheriff Ralph Thompson of Allen Parish (county).

The 20 troopers in 10 patrol cars were assigned to set up roving roadblocks in an attempt to trap dynamiters and other terrorists.

Two Negroes were arrested after police found a machine gun in their car. Details or identity of the pair were not released.

## White House To Keep Yacht Williamsburg

WASHINGTON (AP)—The Williamsburg, a 244-foot naval vessel with de luxe accommodations and elaborate communications equipment, will continue to be the presidential yacht, the Navy says.

A Navy spokesman said last night the advantages of the Williamsburg as a floating facility for uninterrupted private conferences led to a decision to keep it at the disposal of the White House.

LANSING—The death penalty for murder was decisively turned down 26-68 by the House yesterday after giving the bill little more than an hour of its time.

In contrast to the weeks or so the chamber has spent on the measure in recent sessions before defeating it, opponents pushed it through debate and a final vote all in one day.

Michigan abolished capital punishment in 1844, and in the

more than 100 years, all efforts to restore it have been defeated.

Sponsored by Rep. Eugene C. Betz (R-Monroe), the bill was identical with measures which have been defeated about once every two years in the Legislature for the past 20 years.

It would have provided for electrocution of first degree murderers over 17 after the convictions had been automatically reviewed by the State Supreme Court.

The opposition was led by Reps. Harry J. Phillips (R-Port Huron), Gerald W. Graves (R-Alpena) and Ed Carey (D-Detroit). They held it has been proven that the death penalty does not deter murder.

Neighboring states with capital punishment have higher murder rates than Michigan, they added.

Betz was joined by Rep. Joseph E. Warner (R-Ypsilanti) and Rev. Alvin E. Richards (R-Washtenaw) in debate in favor of the bill.

Betz took bitter exception to facetious amendments offered by Graves to substitute stoning to death for electrocution of those who voted for the bill if an innocent person is executed.

Prosecutors indicated they would attempt to have Phillips re-indicted on charges of robbery and assault to kill, both of which had been dropped when Phillips was indicted for armed robbery. They said there is no existing Illinois law covering escapes from county institutions.

Women Get Vote  
MEXICO CITY (AP)—Mexican women are about to get the vote.

A constitutional amendment to give the distaff ballot has been ratified by 15 states—the number necessary to make it effective.

## Spiritual Diary For Lent

I am the voice of one crying in the wilderness.—John 1:23.

Lord, speak me, that I may speak  
In living echoes of Thy tone;  
As Thou hast sought, so let me seek  
Thy erring children lost and lone.  
—FRANCES R. HAVERGAL

TODAY'S MESSAGE  
"I am the voice of one crying in the wilderness." With these strange words, John, the forerunner described himself to the priests and Levites sent from Jerusalem to investigate the strange personality which came out of the wilderness.

His was the voice of Meekness. His highest honor was to be a spokesman for the Christ: "He it is, who coming after me is preferred before me, whose shoe I am not worthy to loose."

His voice also was one of Mystery. The Creator endows the human family with a unique ability of communication. We should use this gift to give testimony concerning the goodness of our God. His voice, however, proved to be one of Mastery. His cry was the imperative "Make straight the way." From time to time God raises up voices as He needs them. He would use yours amid the confusion of the myriad clamorous voices all around us. Wilderness-born, that voice found its source in the stillness of the Eternal.

Coleridge sings: "Earth with her thousand voices praises God." The human voice ought never be less eloquent.

—CLARENCE A. KIRCHER  
TODAY'S PRAYER  
"Dear Lord and Father of mankind, forgive our feverish ways, reclothe us in our rightful minds; in purer lives Thy service find; in deeper reverence, praise." In Jesus' name we pray. Amen.

## Found Not Guilty Of Topsy Driving

Mrs. Vina Osier, 403 S. Eighth St., was found not guilty of a charge of driving while under the influence of intoxicants following trial in Justice Caroline A. Nyström's court in City Hall yesterday afternoon. The jury deliberated one and one-half hours.

Escanaba police arrested Mrs. Osier Nov. 11, 1952. She pleaded not guilty to the charge and asked trial by jury.

Testifying yesterday Mrs. Osier said that she had consumed only two four-ounce glasses of beer the day of her arrest; and that she was "under the influence of drugs" prescribed for her by a physician in the treatment of a physical ailment.

Testifying for the defense besides Mrs. Osier were Bruce Anderson, Mrs. Joseph Gardner, Claude Tobin Jr., and Donald Olson. Mrs. Osier was represented by Atty. Robert E. LeMire.

Prosecuting Attorney Nicholas P. Chapek called to the witness stand Escanaba Police Officers Richard Lundin, Ralph Johnson and Robert Crepeau, and Deputy Sheriff Joseph Hillewaert.

After reporting its verdict of not guilty, the jury members in open court advised Mrs. Osier to "stay off the road" while she is under the influence of drugs.

Comprising the jury were Joseph Marriar, Mrs. James Smith, Edna Groop, John Owens, Elizabeth Moreau and Mrs. William Bougie.

## Hospital

Mrs. Fred Raymond, 324 S. 18th St., was admitted Wednesday to St. Francis Hospital for medical treatment.

Ambrose "Buck" Pepin, 529 N. 19th St., was transferred this morning by Veterans Administration ambulance from St. Francis hospital to the Veterans Administration hospital in Iron Mountain. Although progressing satisfactorily, it is expected he will remain in the hospital for some months.

Mrs. B. D. Brophy of Nahma is a medical patient at St. Francis Hospital.

## Germfask

GERMFASK—Officers elected and appointed for the following year in the Edward James Doran Auxiliary to VFW post 8962 are: president, Jennie Swisher; senior vice president, Leah Nelson; junior vice president, Marion Jack; treasurer, Hazel Shirk; chaplain, Alta Bowler; conductress, Betty Belongue; guard, Matilda Lustila; trustee 3 year, Tynne Lawrence; secretary, Shirley Freeman; banner bearer, Emma Jean Lustila; flag bearer, Valeria Rupright; patriotic instructor, Alice Snyder; assistant conductress, Mary Rutherford; color bearers, Bessie Ruthven, Blanche Orlich, Myrtle Mortinson and Tynne Lawrence; musician, Jean Lustila; historian, Elsie Holbrook; assistant musician, Patience Hollister; delegates, Myrtle Mortinson, Jean Lustila, Tynne Lawrence, Emma Jean Lustila; alternates, Jennie Swisher, Alice Archey, Alta Bowler and Matilda Lustila.

The Township board met at the Germfask township hall Saturday evening.

Mr. and Mrs. Edgar Doran and son Donny and Mr. and Mrs. Basil Burns of Ypsilanti, spent the weekend here.

Dorrie Bonham of Detroit spent the weekend here with her family. Mr. and Mrs. Leonard Gager and family of Muskegon arrived Sunday to attend the funeral of Mrs. Gager's sister-in-law, Mrs. Basil McGahn, who died at her home at Muskegon Friday afternoon. She was the former Irene Tuttle, daughter of Mr. and Mrs. Ernest Tuttle. The funeral took place at Curtis Monday afternoon.

Mrs. Ling Burns, Mrs. Harlan Ackley and Mrs. Jennie Swisher visited at the home of Mrs. Adeline Ensign at Newberry Sunday.

Mr. and Mrs. Edward Thayer Sr. and Mr. and Mrs. Lorn Swisher visited in Marquette Sunday.

Pfc. John Doran Jr., left for California Sunday after spending a furlough at the home of his parents, Mr. and Mrs. John Doran Sr.

Mrs. Leo Musselman is a patient at Schoolcraft Memorial hospital at Monticue.

The East End Craft Club held a meeting Monday evening at the home of Mrs. Matilda Lustila. The second lesson on making lamp shades was given by Mrs. William Anderson.

Appointed to go to the county planning meeting were Mrs. Loren Swisher, Mrs. Harlan Ackley and Mrs. Redvers Thibadeau. After the meeting a lunch was served by the hostess.

Pfc. Richard Smart from Albuquerque, N. M., arrived to spend a furlough with his parents, Mr. and Mrs. George Smart.

L. J. DENO, C&NW peninsula division engineer, receives a safety award plaque from B. R. Meyers, chief engineer of the railroad, at a dinner last night in the House of Ludington. The plaque reads: "Presented to the Division of the Engineering Department that achieved the most outstanding safety record of the year, 1952—Peninsula Division."

## C&NW Presents Deno 1952 Safety Plaque

L. J. Deno, C&NW division engineer, last night received a plaque from the railroad as head of "the division of the engineering department that achieved the most outstanding safety record of 1952." The presentation was made by B. R. Meyers, Chicago, chief engineer of the railroad, following a dinner in the Marine Room of the House of Ludington. About 25 persons attended, including officials from Chicago.

A division keeps the plaque one year, after which it passes to the next year's winner. If a division wins the plaque three years running, it keeps it for good.

Perfect Safety Record Deno also received an award of merit certificate because his division went through 1952 with a perfect safety record. Not one lost-time injury occurred to an employee working under Deno during the year.

Meyers stated this was the first time he had had the pleasure of presenting such an award.

"A perfect safety record is really something," he said. "I can hardly believe it yet."

It was all the more remarkable, he said considering that men under Deno worked on the ore docks all year.

Deno in accepting the award lauded his fellow-workers and predicted "a repeat performance just about one year from today."

Award Of Merit W. H. Roberts, C&NW superintendent of safety, told the gathering the railroad's safety record last year was its best in a decade. L. R. Lamport, chief engineer of maintenance, presented seven engineering department general supervisors with award of merit certificates, indicating that no man working under these supervisors had been hurt during the number of years listed on the certificates. A general supervisor is a man with one or more supervisors working under him.

The record of Albert Mau, Marinette roadmaster, who received a certificate for a safety record stretching back 23 years, is the outstanding one on the entire railroad, Lamport declared.

Other men receiving certificates were: M. C. Erickson, Iron Mountain roadmaster, one year; W. P. Flynn, Escanaba roadmaster, one year; C. G. Friets, Escanaba

## Hold Youth On Burglary Count

Escanaba police, with State Police cooperating, today reported clearing two burglaries in Escanaba with the arrest of Arthur Victorson Jr., 17, of North Bay Shore, who officers said confessed to the two breakings and enterings.

In Justice Caroline A. Nyström's court today the youth waived examination and was bound to circuit court for trial. He was unable to furnish \$1,000 bond and is held in jail.

Victorson is charged with breaking and entering the Stephenson grocery, 301 Ludington, by forcing open a rear door Saturday night. John Riley, proprietor, informed police that \$8 or \$9 in cash and several cartons of cigarettes were missing.

Police reported that Victorson also confessed to breaking a seal on a C. & N. W. railroad car on a siding at the rear of the Michigan Liquor Control Commission warehouse building and stealing a case of wine and a case of whiskey from the car the night of Nov. 25, 1952.

## Loads Restricted On Four U. P. Highways

Because of the effect of the spring breakup on four state trunklines in the east-central section of the Upper Peninsula the State Highway Department is imposing restrictions on truck loadings to protect the roads, it was announced today.

Routes on which load limits will be in effect at 6 a. m. Friday, March 13, are as follows: M-77, M-28 west of Seney to Shingletown, M-117, and M-134.

It is the first weight restriction order to be received for highways in the Upper Peninsula so far this spring.

Road conditions generally are good in the U. P. except on some gravel-surfaced highways. Paved highways are in good condition except for some heaving caused by thawing temperatures.

## New Chemical Makes Cotton Fireproof

ST. LOUIS (AP)—The Department of Agriculture has come up with a new flameproofing chemical designed to protect American soldiers in combat and reduce household fires.

The chemical, good for use only on cotton fabric, was demonstrated here yesterday by Dr. Reid T. Milner, director of the department's northern research laboratory. The demonstration was presented at a meeting of the National Farm Chemurgic Council.

The material could be used on fabric used for military uniforms. Dr. Milner said, as well as serving to protect children's clothing, curtains, draperies, upholstery, bedding and many other household articles.

## Finnegan Rites Here Saturday

Due to delay in the arrival of relatives from Florida the rites for Mr. and Mrs. Stanley Finnegan and daughter Marian, of Fort Campbell, Ky., victims of an automobile-truck collision at Springfield, Ill. will be held Saturday instead of Friday as first planned.

The services will be conducted at 9 a. m. at St. Patrick's Church. The bodies of the three members of the family are at the Allo funeral home where friends may call beginning at 4 p. m. Friday.

Mr. and Mrs. Moss, an uncle and aunt, are enroute by train from Florida, following groundings of all planes there.

Rex Hawbaker, of Escanaba, brother-in-law of Mr. Finnegan, who went to Springfield following word of the tragedy, returned to Escanaba late yesterday by plane, accompanied by Gary, 7, only survivor of the accident.

Gary, who will make his home here with Mr. and Mrs. Hawbaker, was enrolled this morning at St. Patrick's parochial school.

BEAUTIFUL MONKEY The African guereza monkey has a collie-like brush tail and can well be called the most beautiful of all monkeys, if they can be classified as beautiful.

# Movie Safaris Invade Africa

By ROBERT C. RUARK  
NAROK, Southern Masai, Kenya, East Africa—I am camped in some unprintable place or other in the Masai county, ostensibly to shoot buffalo but actually on the lam from Metro-Goldwyn-Mayer.

M-G-M follows me around Africa—possibly not on purpose, but everywhere I seem to light, here is the second company or the first company of something called "Mogambo," with Clark and Ava and a few million electricians, grips, camp managers, script people, directors, assistant directors and odd followers.

Hollywood has discovered Africa with a vengeance, and has turned the dark continent into a residence for hams. Even the animals have become screen-struck, and some of the natives have become slightly unbearable due to enforced association with glamor. There were about a thousand Samburu corralled to play the part of bad Indians in the new Gable-Gardner epic, and I swear there'll be no standing them once they've tasted the heady delights of kieg-light living.

There was a time when the camera was a novelty out here, and the odd native was delighted to pose, dance, shake his spear and grind his teeth for the fun of it. Now the saddest hag in a manyatta wants five shillings for baring her scraggle-teeth in what she fondly supposes is a grin, and the males refuse to slap on the ocher and adjust the ostrich headdress until suitable financial arrangements have been made with the headman.

**He Is Not Sinatra**  
Hollywood has created a housing shortage in Nairobi, with the hotel jammed, and an animal shortage in the bush. You cannot expect a herd of shy animals to hold still for an approximation of a GI housing development in the darkest bush country. The animals buzz off to Tanganyika or Uganda or some such.

I got nothing against Hollywood so long as it stays home, but I resent it when it gets between me and a rhino. I also get tired of explaining that I am not a member of the cast of Mogambo, nor even a poor relation of Mr. Gable. Somebody even asked me once if I were Frank Sinatra. I suppose I've lost weight.

The thing about Hollywood in the bush is that it never quits being Hollywood. The dames all wear the same dark glasses that they affect at Hollywood and Vine; the men all seem to have come straight from Central Casting. They have a certain superiority, as if they'd suddenly discovered that leopards live along the river, and that Swahili is actually a language.

They hire rafts of professional hunters to protect them from the Lord knows what, since no wild animal in his right mind, save possibly a hyena, would want anything to do with a picture safari. One of the white hunters—who now works for me, since I offered him asylum from M-G-M—says that in the months he labored for the films all he did was pour tea.

**Sound And Fury**  
We fled, as I said, for the Masai, and first crack came across several hundred Masai warriors, brave with their spears and paint and shields, straggling aimlessly across the plain. We stopped to inquire the wherefore, and somebody said

**HAWAII GOVERNOR**—Samuel Wilder King, a former delegate to Congress from Hawaii, has been mentioned as the new governor of the islands. King has long been a proponent of Hawaii's admission to the Union as the 49th state.

More than ten per cent of the land area of the world is covered by glacier ice, according to the Encyclopedia Britannica.

that another big picture safari had been shooting an actual Masai square-dance involving some 1,000 Morans. The ones I saw looked seedy. They seemed to have had a hard week in the glamor league. Today the planes have been flying, filling the sky with noise, and hearing in the general direction of the upper Mara River. Soon the hunting rigs and the big trucks with M-G-M painted on the side will be floundering through the dongas and across the plain, stirring up dust and scaring hell out of the other baboons. The languid ladies with the bare legs will climb out of the cars, stretch, adjust their glasses, and complain bitterly of the sun, the cold nights, the noise and the tsetse flies. I wish the tsetse happy hunting. There is meat enough for all.

There's one old lion down here, too, a female with a nasty temper, which hates cameras, cars and people with cameras in cars. She has seen off quite a number of picture snappers in a rather violent fashion. It's naughty of me, but I hope some fugitive from Romanoff's who now understands all about lions, drives up close in an open jeep to take the old girl's picture.

## Editorials—

### Driver Training Course Can Aid In Reducing Traffic Accidents

THE survey conducted among the Juniors and Seniors of the Escanaba High School on the subject of driver training provides some very interesting answers. It was indicated, for instance, that 84 percent of the students are interested in driver training, almost equally divided between boys and girls. Two-thirds of the students polled reported that they already know how to drive and 38 per cent reported that they already have an operator's license.

Only 8 percent of the students said that would be willing to take driver training if it were offered after school hours or on Saturdays. The figure is not surprisingly low. Probably much less than 8 per cent of the students would indicate a willingness to take any high school subject after school hours. We doubt that an after-school geometry class would be very popular, for instance.

Ultimately driver training in the high schools will be a part of just about every high school curriculum. The traffic accident problem is becoming more acute every year and something must be done about it. One answer is driver training. The records prove it. Motorists who have had driver training in high school have a far better safety record on the highway than motorists who have not had this training.

In many ways it is more essential for a young man or young woman to know how to drive a car safely and to meet the tests of today's traffic than it is to know how to find the square root of a number or how to conjugate a verb—especially a foreign language verb.

The problem is primarily a financial one, particularly as it applies to the Escanaba High School, school officials report. Class room work in driver training can be—and is being done now—in group

classes where a single teacher can give instructions to a number of persons at once. Not so, however, with the actual behind-the-wheel training. This is the part of the program that costs money in instruction expense, car operating costs, etc. Local school officials say that the school district simply does not have the money available to meet the requirements of such a program now.

This bottleneck must necessarily be broken some day because it costs money, too—and big gobs of it—to litter our highways with broken bones of accident victims and the wrecks of expensive automobiles.

### Healthful Change In British Outlook

THERE is reason to hope that the current visit of British Foreign Secretary Eden and Chancellor of the Exchequer Butler differs from most previous postwar expeditions of European statesmen to the United States.

Heretofore the stress too often has been upon mere palliative measures, tiding our allies over from crisis to crisis. Always the lasting solution seems to have been avoided because it meant hard decisions on both sides that neither was yet willing to make.

But the mood has altered. Evidence suggests the British are prepared to seek at last constructive answers to their underlying economic dilemmas. And the signs are present also that the new American administration wants to grapple with the realities.

Up to now the psychology of western international economics has been marked by the cramped outlook. Restriction has been the watchword. National self-protection, conceived in the narrowest terms, has been the corollary.

Under the spur of Butler's new and more positive approach, the emphasis has shifted to economic expansion, to a lowering of international barriers, to a fuller, freer flow of trade for the mutual benefit of all the free countries.

This spirit activated the economic conference of the British Commonwealth nations last fall. To work well, it must likewise reflect itself in more and better production of goods within Britain proper, where for too long industrialists on the whole have not shown the vital urge to modernize their plant facilities and techniques.

This healthful change in British outlook presumably is now being spelled out by Eden and Butler in the specific proposals they make to President Eisenhower, Secretary of State Dulles and other top administration men.

It will come to naught if we Americans do not in turn give substance to our own fresh resolves by meeting the British program with matching proposals of constructive merit. The recent report on a White House survey, drafted by 13 American business, labor and farm leaders, strongly appealing for lowering of tariffs and other barriers restricting foreign exports to the U. S., is a laudable step in the right direction.

If out of the current talks emerge the beginnings of a plan to unshackle trade, to promote the freer international exchange of currencies, and to boost the productive capacities of both the manufacturing nations and the raw material producers, then the Eden-Butler visit will stand as something of a milestone.

With Russia faced with crucial leadership changes, this is the hour for the West to weld more tightly the vast resources of men, skills and materials it can muster to stand out against the enigmatic Soviet coalition.

Cheer up! Your income tax bill is on the up and up—and probably a lot higher than you expected.

### Merry-Go-Round

By DREW PEARSON

WASHINGTON—Dying On The Vine—Assistant President Sherman Adams has pulled a neat device to get around civil service laws and banish all Democratic staff members on the Council of Economic Advisers. Under civil service, Adams can't fire the staff members outright. So he is simply letting the appropriations expire. When all the Democrats are out, then more money can be appropriated and a brand new Republican staff hired. . . . however, Adams isn't in good terms with the senate appropriations chairman, Sen. Styles Bridges, even though both are New Hampshire Republicans. So Adams tipped off the house appropriations chairman, Congressman Taber of New York, who in turn telephoned Senator Bridges and got him to let the economic council's appropriations die.

Capitalize On Stalin's Death—Gen. Mark Clark has cabled Washington recommending the United States start a big psychological offensive in the Far East to capitalize on Stalin's death. To that end, he has already sent American planes to drop leaflets behind the Chinese lines in Korea, telling of Stalin's death, but believes the United States should do far more in a coordinated program with the British. He agrees with Marshal Tito that it may be possible to turn Mao into a Chinese Tito—if the allies play their cards right.

Jumping the Gun—Civil Aeronautics Administrator Charles H. Horn, the police chief of the airways, jumped the gun on President Eisenhower and announced his own successor. Horn called in his staff last week, told them he had been working to get his deputy, Fred Lee, appointed in his place, said that though it wasn't supposed to be announced, President Eisenhower was going to appoint Lee. . . . The White House didn't like this much. No President, whether Democrat or Republican, likes to have his elbow nudged regarding Presidential announcements.

When Did Stalin Die?—French Intelligence, usually pretty good, has come up with the weird theory that Stalin has been dead for a month and that the Russians installed an impostor in the Kremlin to fool the world. . . . what French agents report is that Stalin died suddenly during the week of February 2 in Moscow. Whereupon the news was kept quiet while the Politburo secretly entrenched itself to make certain there would be no revolt. . . . Stalin's double was even allowed to meet with two foreign diplomats—Argentine Ambassador Hector Bravo and Indian Ambassador Krishna Menon, according to French Intelligence. Since neither had ever met Stalin before, they were completely fooled and the West assumed that Stalin was still alive. . . . meanwhile, Molotov, Malenkov and Beria were preparing a series of phony announcements telling of Stalin's illness, spacing them out over a four-day period so that the Russian people would not be too shocked. . . . American Intelligence is inclined to doubt the French information, but admits there's one bit of evidence supporting it. For some mysterious reason, Russian troops in Eastern Germany, Poland and Czechoslovakia took unusual security precautions every night during the two weeks just before Stalin's death was announced.

ATOMIC BATTLE  
The strangest political tug-of-war in years has been going on back stage on Capitol Hill over the chairmanship of the joint committee on atomic energy. The battle is between two Republicans, and has been so fierce that a Democratic remains chairman of the atomic committee—even though the Republicans long ago took over every other committee in congress.

The two tuggers for this prize post are Sen. Bourke Hickenlooper of Iowa and Congressman Sterling Cole of New York. Since senators outrank members of the house, Hickenlooper had assumed he would move right in as chairman and last January even wrote out his maiden speech.

However, Congressman Cole, who has an excellent record in the house, pointed out that the chairmanship was supposed to rotate between the senate and the house. Furthermore, he wants to run for governor of New York and naturally the chairmanship of atomic energy would be an important springboard.

When it came to a showdown, house members supported Cole and the senators supported Hickenlooper. In this deadlock, Congressman Carl Durham of North Carolina, Democrat, has continued as chairman.

Recently, GOP peacemaker Senator Knowland of California proposed rotating the chairmanship every two years, giving it first to Hickenlooper. This, however, didn't satisfy Cole, who wants to run for governor in 1954. Knowland is now proposing that Hickenlooper be chairman this year only, and Cole next year—a compromise that should permit Bourke to deliver his long-delayed maiden speech and should give Cole a springboard for the governorship of New York later.

Into The Past  
10 YEARS AGO  
Escanaba—Dr. E. A. Seamounts of the BBoard of Home Missions of the Methodist church, who recently returned from missionary service in India will be guest speaker at two services at the Central Methodist church in Escanaba on Sunday.

Kipling—A Red Cross sewing group was organized at a highly successful meeting at Kipling two days ago. Mrs. Rene Maskart and Mrs. J. P. Carlson were selected as leaders of the unit.

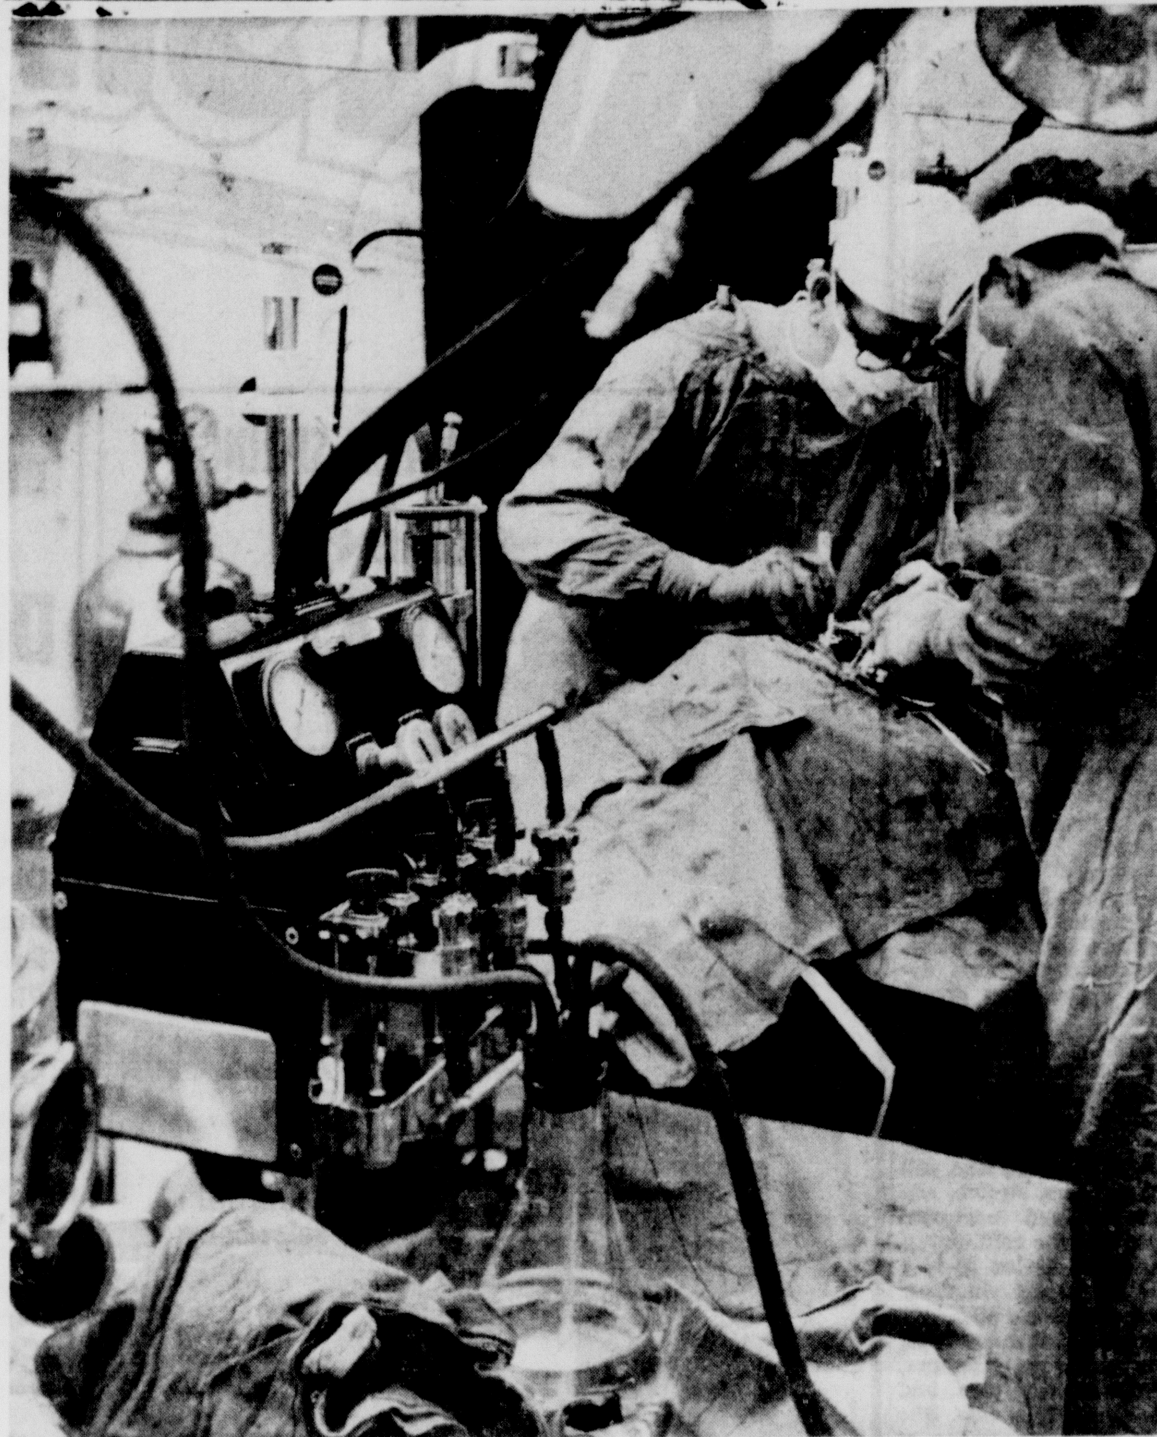

Ensign—Mrs. William Patterson observed her 80th birthday anniversary on March 4th, at her home with only immediate members of the family present.

20 YEARS AGO  
Washington—The nation worked feverishly today to place all banks in readiness for opening tomorrow, following a bank moratorium.

Berlin—Adolf Hitler is planning to oust more than 200,000 government employees "as an economy measure." Herman Goering has declared the Jews "will be fully protected by the law."

Escanaba—Delta county expended a total of \$114,000 in 1932 for direct poor relief.

## Machine Pumps Blood As Surgeon Works 'Miracles' On Mans Heart

AN ARTIFICIAL HEART developed by a Detroit team of medical and engineering researchers is pictured in use in Detroit. The machine

took over the complete function of the heart of a man for 50 minutes while surgeons opened the patient's heart and successfully repaired it.

One of the first known instances of survival of a patient through use of an artificial heart-lung mechanism has been reported in the Journal of the American Medical Association.

The artificial heart, which takes over circulation of blood in patients undergoing critical heart and general chest surgery, was developed by a Detroit medical and engineering research team headed by F. D. Dorrill, M. D., heart surgeon.

The vital research work has been conducted under the financial sponsorship of the Michigan Heart Association with funds received from "United" campaigns in many Michigan communities and the Torch Drive in Detroit. The work was done in the Research Division of Detroit's Harper Hospital.

Original concept of the artificial heart was proposed by the medical research in the cooperative effort. Engineering details and construction were carried out by General Motors Research Laboratories as a public service.

Still Being Tested  
Summarizing the development, the medical researchers reported that the artificial heart took over "complete function of maintaining blood supply of the body" for a period of 50 minutes while the patient's heart was opened and worked upon.

The surgery was performed at Harper Hospital on a 41-year-old man. The research team cautioned that "benefits to the patient have not been fully evaluated" but clinical examination indicates "there is definite improvement" in his condition.

Also emphasized by the researchers was the fact that the new mechanism is still in the research stage of development. Continued studies and repeated tests are necessary before any valid conclusions can be made.

Thus far, they said, "a successful temporary and total substitution for the left ventricle (lower left cavity of the heart) in a man is reported."

However, experiments have been made under varying circumstances on a number of animals. These have included one-sided substitution; that is, mechanical circulation of the blood on one side of the heart has been provided while the opposite side of the heart and lungs continued to function.

In Heart Operations  
Another has been substitution of both sides of the heart, but still using the lungs to supply oxygen to the blood. Still another series of animal experiments has consisted not only of bypassing the entire heart by maintaining artificial circulation but also bypassing the lungs by providing the blood with oxygen through a mechanical oxygenator.

Because the entire heart (or one side of the heart) is emptied of blood when the artificial heart-pump is in operation, the surgeon is able to work on the heart (or a portion thereof) in a so-called "dry" field.

This means that the surgeon can work on the heart when it is completely emptied of blood, thus permitting him to operate on the heart in full vision rather than to have to rely on the sense of touch as necessary at the present time.

The artificial heart, measuring approximately 10 inches long, 12 inches wide and 17 inches high, has two independent pumps, one to take the place of the right side of the heart and the other to take the place of the left side.

The pump parts are made of stainless steel, glass and rubber. Air pressure, vacuum and electricity are supplied to the pump by rubber hose and electrical cable from a power source outside of the operating room.

Handles Blood Gently  
One of the unique features of the new heart pump is that it is portable and, although small sized, it is able to do its job very effectively. In addition it can be used anywhere that regular 110-volt alternating current is available.

Among the complex problems solved by the research team in developing the "Michigan Heart" was the need to protect the blood against constant battering that occurs in most types of artificial hearts. Such battering breaks down the red corpuscles, thus rendering the blood incapable of carrying life-giving oxygen throughout the body.

Another obstacle which was overcome was the need to make the blood clot-free in passage through the apparatus and yet prevent hemorrhage on its return to the body. This problem was eliminated by injecting predetermined quantities of Heparin (an anti-clotting agent) into the blood stream.

In addition, it was necessary to keep the blood sterile while passing through the machine to prevent infection. This was remedied by having the mechanical heart so devised that all parts contacting blood are sterilized by ordinary autoclave (a method for effecting sterilization by steam under pressure.)

### German Shepherd Dogs Rep'ace St. Bernards

WASHINGTON—Time-honored tradition is giving way to canine efficiency in the Alps, where the massive, sad-faced St. Bernard is being replaced as a rescue animal by the smaller German Shepherd dog.

Dogs are essential in Alpine rescue work, notes the National Geographic Society, even though modern communication and transport facilities have reduced their activity. A dog can reach remote mountain areas in which mechanical transport is of no use, and he can guide human rescuers in blinding and bewildering storms.

For centuries this has been the work of the giant, gentle St. Bernard, especially trained by the monks of the Alpine hospice founded by St. Bernard de Menthon nearly a thousand years ago.

Also Called Alsatian  
The St. Bernard is an efficient snow dog, but tests in the past 15 years have proved the German Shepherd better at rescue work. On one recent occasion only the keen nose and persistent efforts of a German Shepherd uncovered the body of a traveler buried deep beneath the snow of an avalanche.

In England the German Shepherd, or police dog, is called the Alsatian wolf dog, a name that developed during World War I, when many of these fine animals were captured from the Germans and brought to Britain as prisoners of war. "The police dog" tag was attached to the animal in the United States at the same time, but it now is officially registered as a German Shepherd.

Alpine rescue work is just another honor for this remarkable dog. It has long been considered the best animal for leading the blind, and the U. S. Army has standardized on German Shepherds as war dogs.

Special Qualities  
Other dogs sometimes do as well in these specialized jobs, notably

Boxers and Doberman Pinschers as war dogs, and, of course, St. Bernards as rescue animals. But the German Shepherd meets the job specifications better than any other.

Substitution of the German Shepherd for the St. Bernard in rescue work is largely due to its excellent nose, intelligence that permits it to absorb training quickly and thoroughly, and its persistence.

A full-grown German Shepherd dog in good condition weighs between 60 and 85 pounds. Full-grown St. Bernards weigh more than twice as much, ranging from 160 to 210 pounds. The great strength and stamina of the Shepherd more than make up for its smaller size in rescue work.

### So They Say

It is my belief that when the General Assembly takes up his subject at its session, it will find that the subversive problem is well on its way to a fair solution.—Sen. Alexander Wiley (R., Wis.).

People escaping from Argentina escape to Uruguay, and the Argentine government is trying to choke that country.—Sen. Ralph Flanders (R., Vt.).

Being an actor and being a trial lawyer is pretty much the same thing. A good personality wins the case.—Lawyer-actor Charles Fitzsimmons.

I believe this important agency (the Veterans' Administration) would have more stability if its head were a member of the President's cabinet.—Rep. Edith Nourse Rogers (R., Mass.).

Atomic war is totally unthinkable for rational men.—Harry S. Truman.

### Good Evening...

By CLINT DUNATHAN

CLUBS AND PAPERS—The Escanaba area perhaps has more organizations per capita than any other community in the United States. We say this not because we approve of the condition, but as a simple statement of fact.

Organizations have a way of involving people in all sorts of situations. Join an organization and you are on your way to becoming an officer, or at least member of the board, or a program chairman.

Which leads us to the topic of the day: Just what does the organization expect of the newspaper in publishing its activities? Or, what would the newspaper like to receive as news from the organization?

These questions have been answered more or less effectively in a recent booklet issued by a national magazine under the heading: How to Plan a Club Program. Contained in the booklet is a section devoted to the responsibilities of the club publicity chairman.

THE CLUB WANTS—The organization or club, of course, wants good "public relations" as it is called. It wants to be well thought of and to this end wants "a steady flow of information about the activities" of the group to reach the newspaper.

The booklet about club programming suggests various methods to achieve this desirable result—desirable at least from the standpoint of the club.

"Providing publicity for your activities is not just a matter of vanity—although almost everyone enjoys seeing his or her name in the paper—it is also a good way to assure your group of the maximum cooperation from the community when you need it, and it builds a general reservoir of good will and acceptance."

THE NEWSPAPER NEEDS—The newspaper is primarily concerned with giving the public the news that is of interest to the public.

The more active the organization and the more newsworthy its programs, the more "publicity" it will receive in the newspaper.

It is noted in the booklet that while a newspaper is willing to assist a publicity chairman for an organization, it cannot take over the responsibility of serving as the publicity chairman for all, some, a few or any of the many organizations in the community.

Responsibility for presenting information of club activities to the newspaper rests with the club itself—and its publicity chairman.

This information individual should make himself (or herself) known to the newspaper and should follow the suggestions the editors offer.

Certainly the newspaper wants an advance story of any meeting of consequence and a follow-up story after the meeting if the meeting business or program is of interest to the readers.

It is the responsibility of the publicity chairman to get advance notices of meetings to the newspaper at least one day ahead of the meeting; and to remember to give information for a follow-up story the day after the meeting.

"The reporter for the group must know the deadline for information and submit the report in good time," as the booklet advises.

WHAT MAKES NEWS—Members of many organizations perhaps wonder why the newspaper will give more space to one club meeting than to another, or sometimes send a reporter to "cover" a meeting.

The answer is that because of the large attendance, the prominence of the speaker or the importance of his subject, the meeting is of more than usual interest to the people of the community.

The general run of club meetings, however, must be reported by the club's publicity chairman. For it is obviously impossible for the newspaper to have a reporter at every club meeting in its area—there are too many clubs and not enough reporters.

The cooperative arrangement works the best, leading the publicity chairman into a better understanding of what makes news and thus assists him to give the newspaper the information it needs to best serve its readers and the organization through the news columns.

Always watch out that you don't accept a second-hand car with someone else's sincere depreciations.

"Paint Will Save Your Home"—an advertisement that's an early sign of spring. Keeping up the payments will help, too!

An hour of meditation each day is good

### UNCLE EF

Whether you have any sense or not, if you just always agree with what other people say, a lot of them will tell others you're awful smart, says Arch Nearbrite.

### The Doctor Says . . . Treatments May Relieve Pain Of Bursitis; Recovery Likely

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Mrs. B. writes, "My mother has just developed bursitis in her left arm. Could you tell me what this is?" G. H., referring to a previous column on bursitis says, "I was disappointed that you did not speak of the stiffness that occurs. I do not suffer pain any longer, but the shoulder is still quite stiff, and I am wondering if there is danger of this becoming permanent."

In this way, one by one, come letters from victims of that painful condition known as bursitis. Before discussing again the nature of bursitis, a word might be said in answer to G. H.'s question about the stiffness.

The fact that the pain has gone is a favorable sign, and, in all probability, cautious increase in activity, perhaps joined by treatment with physiotherapy, would bring a gradual lessening of the stiffness.

True bursitis is an inflammation of any small pocket lined by delicate tissue which lies near one of the movable joints of the body. These pockets are called bursae. Typical ones and ones rather liable to inflammation are present around the elbows, shoulders and above the knees.

An attack of bursitis is likely to start suddenly. When it does, the involved bursa or cavity is likely to be swollen and often contains a fluid. Pain is usually quite severe and the area is also likely to be tender to touch. When the limb is moved the pain frequently becomes excruciating.

Either a single severe injury or lesser repeated injuries are common causes of bursitis. Kneeling for a long time is likely to affect the bursa just above the knee,

and this condition frequently goes under the name, "housemaid's knee." For similar reasons the bursae around the elbow is involved in "tennis elbow." Sometimes no definite injury can be remembered.

The treatment for an inflamed bursa depends partly on the cause and partly on the degree and type of inflammation. In the more acute conditions, complete rest by means of a splint, bandage or cast is generally needed.

FLUID IS REMOVED  
In those cases in which the swelling is great and the pressure causes considerable pain, some of the excess fluid may be removed. Since the fluid is likely to return, such removal may have to be repeated.

Hot, wet bandage may bring relief, and heat in the form of diathermy is frequently extremely helpful. Deep X-ray treatments have also been used in some cases with success.

Some cases of chronic bursitis are resistant to all these forms of treatment. Injection of a local anesthetic into the bursa itself is often useful, but may not bring lasting effects. The injection of some irritating fluid called ca. sclerosing solution has been reported to be useful occasionally.

In the most resistant cases an operation involving removal of the entire lining of the bursa may have to be employed, but this is more or less of a last resort. Evenual recovery is probable, but a miserable experience before this happens is also likely.

## Inland Steel Promotes Graff

Inland Steel Company has appointed R. D. Satterley manager of iron ore mines and Howard M. Graff assistant manager, it was announced yesterday from Chicago by P. D. Block Jr., vice president in charge of raw materials.

Block said that the new appointments marked the separation of administration of the company's iron mines, which headquarters in Ishpeming, and its limestone operations, headquartered in Manistique. Satterley and Graff will continue to operate from Ishpeming offices.

The move follows the appointment of A. J. Cayia, general manager of mines and quarries to vice president and manager of Galesburg Iron Company, the Canadian subsidiary formed by Inland to develop its Steep Rock property. It was announced at the time that Cayia would have to relinquish some of his other responsibilities in view of the magnitude of the new Canadian project.

Satterley has been with Inland since his graduation from Michigan College of Mining and Technology in 1925. Starting as an engineer, he was made superintendent successively of the Greenwood Mine at Ishpeming in 1930, and the Morris Mine, also at Ishpeming, in 1935, and of the Menominee Range operations in 1940. He has been general superintendent of iron mines since 1946.

Graff joined Inland at its limestone operations in Manistique in 1936, two years after his graduation from Harvard. He was made chief engineer of the limestone division in 1941, assistant superintendent in 1946, and superintendent in 1948, before being transferred to iron mines operation in July 1950, as assistant general superintendent.

## Grand Jury Indicts Manistique Man For Income Tax Evasion

DETROIT (AP)—Elmer T. Lundstrom, 57, of Manistique, one of the largest auto dealers in Upper Michigan, was indicted on three counts today by a Federal Grand Jury on charges of income tax evasion.

The government contends Lundstrom, operator of the Lundstrom Chevrolet Company, underpaid his 1946, 1947 and 1948 income taxes by some \$119,000.

The 56-year-old auto dealer, who started his business in 1919,

will be arraigned early next week before Federal Judge Arthur A. Koscinski here.

Joseph C. Murphy, chief assistant U. S. attorney in Detroit, gave this summary of the government's case:

In 1946, Lundstrom reported \$51,932 income and paid a tax of \$25,081. The government contends the figures should have been \$81,376 and \$46,637.

In 1947, Lundstrom reported tax under the community property law. He paid a \$26,005 tax on a reported income of \$32,739. The government contends his income was \$144,929 and the tax \$74,885.

In 1948, Lundstrom reported tax under a joint return. He paid \$45,634 tax on a \$102,481 income. The government says the income was \$158,038 and the tax \$83,527.

There was no immediate comment from Lundstrom, who faces a maximum sentence of five years imprisonment and \$10,000 fine on each of the three counts. He also faces civil liability for the approximately \$119,000 unpaid tax plus 50 per cent penalties.

Murphy said the case was one of the few in which an auto dealer was charged with failing to report income on sale of new cars as well as used cars.

## School For Motel, Resort Men Set

Present and prospective operators of resorts, motels, cabins, resort restaurants and cottages in Delta County have the opportunity to attend a special school at Michigan State College in East Lansing March 18-20. Joseph L. Heirman, county agricultural agent released an announcement of the school today.

The school is a part of the cooperative extension service in effect in Delta County many years, the announcement stated.

Teachers at the resort and motel school will be operators of such businesses and specialists in various aspects of the business. Such topics as obtaining and training employees, sources of loans, better outside appearance and trends in room service businesses will be discussed. Laundry services problems, advertising and guest hospitality will also be included.

A registration fee of \$10 a person is the only charge above rooms and meals, according to an announcement from the school.

Classes will be held in Kellogg Center, on Harrison Rd., just off M-43 in East Lansing, where meals and lodging will also be available.

Persons interested in attending should write to the Resort and Motel Institute, Continuing Education Service, Michigan State College, East Lansing, Mich.

## Obituary

**DEBORAH ANN DOUGLAS**  
Services for Deborah Ann Douglas, infant daughter and only child of Mr. and Mrs. James Douglas, were held at 11 a. m. today at the Boyce funeral home Chapel with Father Francis A. Hollenbach officiating. Burial was in Holy Cross cemetery. Mr. and Mrs. Ben Douglas of Bark River, grandparents of the baby, were among those at the rites.

**MRS. NELLIE F. MALO**  
Rites for Mrs. Nellie F. Malo of Kipling will be conducted by the Rev. Joseph S. Dickson at St. Stephen's Episcopal Church, Escanaba, at 10 a. m. Friday. Burial will be in Lakeview cemetery. Friends may call at the Boyce funeral home beginning this afternoon.

Buy and Sell the Classified Way

baskets of groceries were won by Gail Pomeroy and Roland Bramer.

## M. L. Costell, Navy Veteran, Dies At Iron Mountain

M. L. COSTELL

E. M. C. Matthew L. Costell, 45, former resident of Bark River, and a veteran of 18 years service, died at the Veterans' Administration Hospital at Iron Mountain Tuesday, 8 days after he was admitted.

He was hospitalized in Yokohama, Japan, last August, and had been in naval and veterans hospitals in the United States since that time. He was born Feb. 20, 1908, in Minneapolis.

The body was brought to Escanaba to the Degan Funeral Home where friends may call beginning at 1 p. m. Friday. Services will be held at St. Joseph's Church at 9 a. m. Saturday with Father Stephen Schneider, O. F. M., officiating. Burial will be in Holy Cross cemetery.

Surviving are six sisters and four brothers, Mrs. Melvin (Ann) Olsen, Escanaba; Mrs. Stella Preston, Milwaukee; Mrs. John P. (Agnes) Corbett, Los Angeles; Sister Mary Presentation, Rock Hill, S. C.; Victoria and Mary, Chicago; John, San Francisco; Joseph, Seattle, Wash.; Fred, Bark River; and Frank, New York City.

## Marijuana Spotted By Mexican Airmen

MEXICO CITY (AP)—Mexico's Air Force is joining the nation-wide fight against the marijuana racket.

The Air Force announced its planes would be used to spot growing fields of the narcotic weed in the northeastern part of the country, along the Texas border, and also to spot smugglers.

## Bob Brackett Will Attend Six-Weeks GM Dealer School

Bob Brackett, 410 2nd Ave. S., vice-president of the Brackett Chevrolet Company, will attend the General Motors Corporation Post-Graduate School of Modern Merchandising and Management, which will be held in Detroit for six weeks. The school will open March 16 and continue to the end of April.

The basic purpose of the school is to train selected personnel in dealer management, and it is limited to 45 students a session from all over the world. All members of the faculty of the school are men of long experience in the automobile business.

Bob will be accompanied to Detroit by his wife and Mr. and Mrs. Bruce Brackett. Bruce, an alumnus of the school, will speak to the class on March 16. Mr. and Mrs. Bruce Brackett will return to Escanaba after staying in Detroit for a few days.

## Mackinaw To Tackle Ice Jams Next Week

CIEBOYGAN (AP)—The Coast Guard icebreaker "Mackinaw," will begin icebreaking operations next Wednesday to facilitate opening of the Great Lakes shipping season. Usually, the Mackinaw begins by plowing through the Straits of Mackinac, then up the St. Marys River to Sault Ste. Marie and Lake Superior.

Largest single paving project in the world was the airfield at Cherry Point Marine Air Base, in North Carolina.

## Delta 4-H Members Fatten Beef Cattle

Selecting, feeding, fitting and showing beef cattle is one of many projects being carried on by 20 Delta County 4-H Club members, reports Fred Bernhardt, county 4-H Club agent. The beef cattle project is one of nearly 500 activities that 60,000 Michigan boys and girls are carrying on now.

In Delta County 400 4-Hers are reviewing their achievements in connection with National 4-H Club Week, March 7 to 15.

In beef fattening projects the 4-H Club member may start with a feeder steer calf or a heifer for breeding purposes. Records of all costs including feed are kept for a minimum of eight months.

Bernhardt reminds boys and girls of this county that 4-H Club work is open to them if they are between 10 and 21 years of age.

# Man Sentenced In FBI Job Fake

PEORIA, Ill. (AP)—Gerald Dale Hodges, 48, of Macomb, Ill., faces the next five years in Federal prison for posing a woman as an FBI agent and accepting money from a Michigan man on the promise of getting him a non-existent FBI job.

What's more he faces a perjury charge growing out of failure to appear on schedule for sentencing. He surrendered Saturday and came up with a story of having been held prisoner in the interim by two men he did not know.

Federal Judge J. LeRoy Adair ordered him held for Grand Jury action on the perjury charge and ordered his original \$10,000 bond forfeited.

The Macomb man and Mrs. Mary Fuller, 52, of Pekin, Ill., were convicted of representing Mrs. Fuller as an FBI agent and accepting money for an FBI job they promised to give Stanley Taylor, 43, of Owosso, Mich.

Mrs. Fuller was sentenced to five years in prison and is free on \$10,000 bail pending appeal.

Port authorities classify San Diego as one of the ten great natural harbors of the world.

ly of artillery shells—but that they have been or are being corrected. Byrd and Chairman Saltonstall (R-Mass.) said in separate interviews they favor creation of a subcommittee to keep an eye on the situation.

Saltonstall said he would propose a three-man subcommittee to continue the ammunition investigation with emphasis on "cutting down red tape in getting ammunition." "There has not been enough priority and impetus behind the ammunition program," he said. "Civilian production was allowed to interfere. There was not enough needling and pushing of the factories which had contracts."

## Hermansville

# Spending Guess Asked By Taft

By JACK BELL

WASHINGTON (AP)—Sen. Taft (R-Ohio) said today he has asked Secretary of the Treasury Humphrey and Budget Director Joseph Dodge to submit to Congress by May 1 an estimate of next year's federal spending.

Taft, the Senate Republican leader, said he thinks Humphrey and Dodge should be able to deliver by then at least an "educated guess" on the size of possible cuts in former President Truman's \$78,000,000,000 budget.

The Ohioan said he understands businessman teams sent to Europe by Mutual Security Administrator Harold E. Stassen will report March 24. He and Stassen should be able by April 15 to estimate foreign aid needs, put at \$7,861,000,000 by Truman.

About the same time, Taft said, the Defense Department should arrive at its possible savings from the \$46,296,000,000 in military outlays scheduled by Truman. All these figures are for the fiscal year starting July 1.

Only after he gets an over-all estimate will he be able to chart the administration's course in the Senate on the issue of reducing taxes, the Ohio senator added in an interview.

Taft said he personally wants to cut spending for the year back to the level of the \$68,665,000,000 revenues estimated by Truman as incoming.

## Holdup Interrupts Insurance Salesman Selling Holdup Policy

BALTIMORE (AP)—Salesman Manual Hyman thought he had a customer in the bag last night, when three holdup men barged in to the liquor store.

The thugs forced Hyman and the store manager, William Gross, into the rear of the place, then made off with about \$100 from the cash register and Gross' wallet.

"Now are you going to buy a policy?" Hyman persisted. "I can't think about that now," Gross replied.

Hyman said he'd be back another day to try to sell the liquor store manager an insurance policy covering holdups.

## Groesbeck Funeral Set For 1 P. M., Friday

DETROIT (AP)—Funeral services for Alex H. Groesbeck, three-time governor of Michigan, will be held at 1 p. m. Friday in the Consistory Cathedral of Detroit's Masonic Temple. The body will lie in state from 10 a. m. until the funeral.

The Damascus Commandery No. 2 Knights Templar, of which Groesbeck was a member, will conduct the rites. The former Republican governor died Tuesday of a heart disease. He was 79 and had been governor from 1921 to 1927.

# English Craft Is Attacked By Soviet Fighters

(Continued From Page One)

slavia, was forced down in Western Hungary.

By JOHN M. HIGHTOWER

WASHINGTON (AP)—U. S. officials said today further shooting clashes between American and Communist aircraft along the Iron Curtain would hold grave danger of setting off an international explosion.

That was a major reason why the latest incident is taken so seriously here. In the kind of trigger-finger tension which now exists in the East-West border country, moreover, there is a serious risk of new clashes.

## MIGs Are Trespassers

A Czechoslovak claim that the American jet fighter shot down by a Soviet-made MIG15 Tuesday was over Czech territory was certain to be scornfully rejected by the U. S.

Informants here and at the U. S. Air Force at Wiesbaden said there was no doubt whatever that the U. S. plane and a companion jet were patrolling well inside Germany's U. S. zone when two Red aircraft approached and opened fire.

The U. S. within a matter of hours registered an official protest with the Czech government at Prague, asserting that the clash took place over West Germany and protesting against a territorial violation.

## Overt Act Doubtful

Prague, as expected, yesterday turned down the protest and told the American Embassy the clash occurred after the U. S. planes had penetrated Czech air space and refused to obey an order to land.

U. S. officials who may not be named said it was hard to know precisely what significance to attach to the incident. They seemed to doubt that it was a deliberate, overt action on orders from the Red high command. The tendency appeared to be to regard it rather as "one of those things" which happens in an area of high East-West tension.

## Proven By Radar

In such a situation other incidents could very well occur. It is that which causes a great deal of apprehension here. Information from the Defense Department indicates that American pilots are expected to shoot back if attacked and, if unfriendly aircraft invade U. S. territory, are to enforce an order to land with gunfire if necessary.

One difficulty is that a pilot traveling at 600 miles an hour may sometimes be unable to determine exactly what is home territory and what is not. Thus authorities here conceded that the Czech flyers in

the Tuesday incident may actually have thought they were over Czech territory. But these authorities said the downed American plane had not been over Czechoslovakia at any time. They said radar proved that.

## More Deductions

WASHINGTON (AP)—All medical and dental expenses would be deductible for income tax purposes, under a bill proposed today by Rep. Oliver P. Bolton (R-Ohio). Under present law, a taxpayer may deduct only that part of his medical expenses which exceeds 5 per cent of his gross income.

# Hunt For College Reds Continues

(Continued from Page One)

Roosevelt said reflected "on the responsibility and integrity" of the House and its members.

Velde countered with a statement that Roosevelt's resolution was intended to "discredit me personally and to impede the progress" of the committee.

"I wish to assure all loyal American citizens that the work will go forward with a renewed spirit and determination," Velde said.

# District Meeting At Hermansville

HERMANSVILLE — The Methodist church will be host Monday, March 16 to the ministers and their wives of the Iron Range and South End sub-districts at a dinner meeting in the church basement. District Superintendent and Mrs. Charles F. Wolfe and Miss Harriet Palmer, district field secretary, of Marquette, will attend the meeting with the Rev. Edwin C. Palmer of Crystal Falls presiding. The dinner will be prepared and served by the WSCS.

# Death Road In Korea Has Pockmarked Longest Mile

DEATH ROADS which are under fire by the Reds often are used by troops in Korea. Picture shows a sentry guarding "76 Alley" to warn drivers that danger lies ahead.

By JIM BECKER

WESTERN FRONT, Korea — There are gaping holes in the camouflage screen that attempts to hide the road they call "Chink Alley."

Chinese shells put them there. No one wants to repair them. "Chink Alley" is a steep, twisting road that snakes from Allied main positions forward to lonely outposts where gunners are dug in waiting to blurt any Chinese attack.

Its sister road, to the east, is called "Death Valley."

Both of them are shell pitted and it makes for rough riding. But there is no speed limit on either road.

Before a driver starts a trip down either he checks his gasoline supply and makes sure his motor is operating well. Then when he tops the ridge that shields him from the red gunner he tamps the accelerator to the floor and curses his vehicle for not responding more rapidly.

Longest Mile

As the supply truck topped the rise and started down the longest mile in Korea, Lt. Joseph Luger, St. Paul, Minn., pointed to a mass of forbidding brown mountains just across a frozen ribbon of ice that glistened in the bright afternoon sun.

"Joe Chink is watching from those hills," he said.

A brutal, bone-chilling winter wind whipped through the open cab of the truck as it hurtled around the curves.

But the mile was negotiated without incident. Except for the huge holes torn in the green and brown camouflage screen and the splintered poles that dropped every few feet, there was little to indicate that the road is a favorite Chinese hunting ground. Little, that is, until the truck reached the forward position of an anti-aircraft gun. Called "flak wagons," the fast-firing ack-ack guns are used on the Korean front lines to spray their heavy streams of lead at red bunkers and trenches.

Huddled beside the flak wagon, undisturbed like an Eskimo but still ink-cheeked and shivering from the cold, was Pvt. Kenneth Thomas of Russell Spring, Ky.

He peered across the valley but, is owned by no one and pointed out the Communist trenches across the way.

Shells Arrive

"We've had several incoming rounds this afternoon," he said. He said the reds were firing mainly at a tank position some distance to the left and an observation post to the rear.

"Joe Chink knows that flak wagon is here," he said. "But he's left us alone so far today."

He eyed the Chinese trenches dug out of the brown hills in front and suddenly there was the angry clatter of an incoming artillery round 50 yards behind him along "Chink Alley."

A dirty smoke cloud boiled up from bits of metal clanged off the tank.

"That's a 120 mortar, I think," Thomas said.

There was a general movement of crouch beside the flak wagon. Thomas pointed out the twisted, charred hulk of a tank about 120 yards to the left. "They looked that out yesterday with their rounds," he said. "Luckiest I ever saw."

Tank Blows Up

He explained one of the Red (Advertisement)

puts on Blue Bonnet To Get Most For The Money!

MRS. BOB CONSIDINE

you, too, will love BLUE BONNET margarine's delicate, sunny-sweet taste! BLUE BONNET makes bread, cake, hot rolls, and vegetables taste better than ever!

You'll appreciate BLUE BONNET's tritition. Unlike most other margines, BLUE BONNET contains both vitamins A and D—as much year-round Vitamin A and D as you get the high-priced spread for bread! Yet BLUE BONNET Margarine is less than half as much as the high-priced spread. So put on BLUE BONNET and be sure of "all 3"—taste, Nutrition, Econom-e-e!

# Fat People Need To Eat Slower

LOS ANGELES (AP)—Aside from prescribing a diet, what can the doctor do to help fat people lose weight?

Several things, says a Harvard nutritionist, Dr. Frederick J. Stare. Among them:

Convince his obese patient that he needs to lose weight for the sake of his health. It's hard to lose unless you really want to.

Teach him to eat slowly. Most fat people gulp their food.

See that he eats a good breakfast. Then the obese person is much less hungry during the rest of the day.

Keep the blood sugar elevated a little to prevent hunger. This can be done with a snack—such as crackers and fruit juice—before dinner.

Stare, professor and chairman of the department of nutrition at Harvard School of Public Health, spoke yesterday before the alumni convention of the College of Medical Evangelists.

shells passed overhead. Occasional brown dirt clouds showed where they landed in Red territory.

Then another Red shell crashed near the observation post just behind "Chink Alley." It seemed like a good time to go.

On the stomach—sinking ride back up "Chink Alley" Luger said.

"This is the spot where the first round landed. I hope you don't mind the bouncing if I speed up a little bit."

# Coronation To Cost Britain 4½ Million

LONDON (AP)—Prime Minister Churchill's government announced it plans to spend almost 4½ million dollars on the pomp and circumstance required for the coronation of Queen Elizabeth II.

Most of the money will go into the preparation for and the carrying out of the Westminster Abbey ceremony and royal procession on June 2 and the entertainment of visiting royalty and other distinguished visitors.

Additional unspecified expenses will be incurred by the Navy, Army and Air Force.

Civil estimates submitted today to Parliament called for 1,206,000 pounds \$3,376,800 for the fiscal year beginning April 5. In addition 367,000 pounds \$1,027,600 already has been appropriated for preliminary coronation expenses.

NEARLY REACHED IT

Capt. Douglas Mawson, of the Shackleton expedition, almost reached the exact spot of the south magnetic pole. He found a place where the dip of the compass needle was only a fifth of a degree from vertical.

# Hero Gets Home At South Haven

SOUTH HAVEN (AP)—When Duane Dewey comes home Saturday, a Congressional Medal of Honor ribbon sparkling on his tunic, it will be to a cute, \$9,000 frame house—the gift of admirers.

With his wife and 16-month-old daughter, the Korean hero left for Washington to receive the medal personally from President Eisenhower at the White House Thursday.

Then he'll come back to South Haven and a rousing reception Saturday.

Dewey, 21-year-old son of Mr. and Mrs. Ernest E. Dewey of Muskegon, hurled his body on a grenade to smother it and save a wounded buddy and a medical corpsman last April 16 in a Korean foxhole.

The medical corpsman was working on the wounded man when the enemy grenade sailed into the fox hole. Dewey jumped to cover it with his body, yelling: "Doc, I've got it (the grenade) in my hip pocket."

When his heroics became known a drive for funds was started. Before long \$9,000 was collected. Construction of a new home for him was started last Thursday. Workmen expect to have it completed by Saturday.

JAPAN GETS TV JOB

TOKYO (AP)—Japan will start turning out 2,000 television and radar tubes for an American company, starting in February.

A \$500,000 contract to mass-produce electronic tubes was signed by the Tokyo Shibaura Electric Co. and the Elmo Co., of the United States.

## Draft Will Call 53,000 In May

WASHINGTON (P)—The Army has issued a draft call for 53,000 men in May.

This is the same number previously asked in the months of February, March and April. It will bring the total of men drafted or earmarked for service to 1,414,430 since selective service was resumed in September, 1950.

Only the Army has been resorting to the draft since last May, when the Marine Corps discontinued use of selective service after drafting 81,430 men.

The Navy and the Air Force have depended entirely upon volunteer enlistments.

The Defense Department said the current draft quotas for the Army are based on requirements to maintain approved strength after allowing for the number of volunteer enlistments and re-enlistments.

Volunteers compose less than 20 per cent of the Army's monthly intake of men now. The rate was more than 40 per cent about 18 months ago.

## Steelworkers Union Gets New President

PITTSBURGH (P)—The CIO United Steelworkers union got a new president to fill the vacancy caused by the death of Philip Murray last Nov. 9.

The 30 members of the USW executive board installed David J. McDonald as president. He has served as secretary-treasurer of the union since it was organized by Murray in 1936.

I. W. Abel, former district director for the union in Canton, O., was installed as secretary-treasurer to succeed McDonald.

Those two officers, in addition to Vice President James G. Thimmes were elected by the union rank and file without opposition in a Feb. 10 referendum. Thimmes term expires June 1.

who are honeymooning in California are visiting Mrs. Moberg's uncle and aunt, Mr. and Mrs. Casper Krug of Englewood. Mrs. Moberg is the former Barbara Ann Vinette.

The art of engraving stones probably originated in south Mesopotamia, according to the Encyclopedia Britannica.

## Bette's Show Closes

NEW YORK (P)—The Broadway musical "Two's Company" finally has closed permanently with its star, Bette Davis, in a hospital recovering from a tooth operation.

Producers James Russo and Michael Ellis announced the closing yesterday after 89 performances which they learned it would be a risk for Miss Davis to return to work in less than two weeks.

# Folks Just Like To Fib, Pinocchio Drive Proves

By JACK BRUSINI

PESCIA, Italy—This little town's world-wide pennies for Pinocchio drive proves that almost everybody loves a cheerful liar. It shows, too, that a lot of us would like to be allowed to tell a few harmless fibs, ourselves.

Money for a monument to the long-nosed puppet started rolling in when Rolando Anzillotti, Mayor of Pinocchio's home town, offered certificates allowing donors to tell one lie a week.

A good share of the money is coming from the United States. It's not just from children, either. A lot of husbands and wives—and one lawyer from Madisonville, Ky.—have sent contributions and asked for the certificates.

**Lie Certificates Help**

So far, mostly since promising the fib certificates, Mayor Anzillotti has raised 5,327,000 lire—over 8,500 dollars.

That is about half what he wants to start building next spring a Pinocchio monument in Colodi, a suburban hamlet which comes under his Pescaia administration.

There, just 70 years ago, the popular puppet was born in the hunger-whetted imagination of Carlo Lorenzini, an out-of-work Florentine newspaper reporter.

To pick up some spare spaghetti money, he wrote the stories for a boys' magazine under the name of Colodi.

Since then the puppet's adventures have been translated into every major language of the world, and won even wider fame through Walt Disney's cartoon film.

**Was U. S. Teacher**

Mayor Anzillotti taught English at the Illinois Wesleyan University a few years ago. Previously he had met Miss Gloria Italiano of Waukesha, Wis., while she was studying Italian and Italian literature at the University of Florence.

They married in Waukesha in

PINOCCHIO

his town's problems. After a few articles were published in the Italian and foreign press about the mayor's intention to build a monument to Pinocchio, the response just about snowed

under the little post office of Pescaia, a town nestled in the olive groves east of Florence.

## U. S. Contributes

One letter came in painstaking Italian—sent by the children of Grover Cleveland Public School, Philadelphia. It enclosed a check for \$13 which it said came from "boys and girls, rich and poor, black and white, American, Chinese and Philippine, who are happy to contribute their few pennies for Pinocchio."

A five dollar bill came from Noyes School of Evanston, Ill., with a note that said: "Brownie Troop 105 has voted to send its bit."

There were hundreds of others.

# Hen Is Heroine Of The Barnyard

By ROBERT E. GEIGER

ST. LOUIS (AP)—Scientists pointed today to the chicken as the heroine of the barnyard. They said if all farm creatures would become as efficient as the hen Americans need never worry about eating well.

Forty years ago the average hen produced about 87 eggs a year's work. Today each hen turns out about 194 eggs in a year.

Her efficiency increased in still another way. She used to require 9.25 pounds of feed for a dozen

eggs—now she gets the same results on only 6.9 pounds.

These figures came out at the National Farm Chemurgic Council meeting, a conference of farm leaders, industrialists and scientists on how to make farming more profitable and efficient.

In an interview Dr. R. M. Bethke, director of research for the Ralston Purina Company, feed producers, said the chicken also has increased in meat-producing efficiency about one-fourth. Broilers now are turned out in about three-fourths of the time it formerly required, he said.

The hen's efficiency has been increased by breeding; by development of new feeding methods; by eliminating disease and by creating new feed elements, the feed experts said.

## Sales Of GM In 1952 Reach \$7,549,000,000

NEW YORK (AP)—Record sales of \$7,549,000,000 were made by the giant General Motors Corp. in 1952, according to its annual statement to stockholders.

The total surpassed the 1950 record of \$7,531,000,000 and compared

with \$7,465,500,000 in 1951.

The company, world's largest industrial firm, had a net income during the year of \$558,721,179, equivalent to \$6.25 a common share after payment of \$12,928,313

in preferred dividends. This compared with net income of \$506,199,560 or \$5.63 a share in 1951, but was below the record of \$834,044,039 in 1950.

## Pace Is Quickening In U. S. Baby Parade

By SAM DAWSON

NEW YORK (AP)—The pace of the baby parade is quickening. Many businessmen, home builders, school boards, and taxpayers had better take note.

The record number of births in the United States last year—and the total so far this year is even higher than a year ago—means bigger markets for baby foods, clothing, diaper services, toys, and baby sitters.

It means, later on, the need for more school rooms, teachers, desks, books, and school buses—and tax expenditures for same.

### Experts Fooled

The continuing shattering of records confounds the experts—perhaps because the experts expected the postwar baby boom to wane by now mostly belong to an older generation that went in for smaller families. The young couples married since the war are going in for second, third and fourth children.

The National Office of Vital Statistics says that more than 3,824,000 babies were born last year, two per cent more than in 1951. Marriages, however, totaled 1,563,971, for a drop of 3.6 per cent for the year. On a population basis, 1952 showed a gain over 1951 of 0.4 per cent per 1,000

persons. Marriages were down 5.7 per cent per 1,000.

### Boom For Housing

The birth rate for third children in a family has gone up 77 per cent since 1940, for fourth children 50 per cent, and for fifth children 27 per cent.

This trend back to larger families is clashing head on with a postwar trend toward smaller houses.

Some families are solving it by such devices as expansion attics, or by adding rooms onto their homes. Others are on the move again.

The building industry is finding the growing family a new shot in the arm for the housing boom. Having sold a young couple a small home a few years back, the building industry now finds the growing family a prospect for a larger house.

### Archaeologists Hunt Buried Civilization

LONDON (AP)—A British expedition has left for the 1,000-year-old sacred city of Ile-Ife in Nigeria, West Africa, to search for the buried remains of an unknown civilization.

The British museum said the archeologists will dig beneath Ile-Ife's mud-built palaces and homes to trace the origin of the fine bronze heads and terra cotta reliefs first discovered there in 1910 by the German explorer, Leo Frobenius. Other art objects were found near a palace in 1938.

**CHOOSES WELL**—Although her parents are still behind the Iron Curtain, Eva Morowski, of Minneapolis, Minn., decided she could serve this country best as a WAC. She has been in the U. S. only 13 months. Above, she takes the recruit's oath.

## Free Government Book Now Sells For \$3

WASHINGTON (AP)—A new book is on the market at the best-seller price of \$3 a copy.

It is the annual report of the Immigration and Naturalization Service, usually distributed free by the thousands.

A form letter told those receiving it in past years of the \$3 price, fixed by Atty. Gen. Brownell.

His aides explained this was "a part of the general economy move," and cited a 1951 congressional act authorizing a charge for government publications.

A quick-acting cream for the hands, face or any dry skin area.

### Rich in lanolin

Like magic, Balm Aloha with soothing lanolin, keeps dry, chapped skin soft and smooth... always lovely looking.

P. S. You'll love blue CHEER for dishes! CHEER's speedy white suds make dishes and glassware sparkle, without wiping... make pots and pans glisten! And CHEER is really gentle on hands!

## Truck Bodies Made Of Wood

WASHINGTON (AP)—Three "radically new" truck bodies, made of wood, were presented to Army Ordnance Monday for testing. They were produced by the lumber industry.

The bodies—pound for pound—are just as strong as steel and cost about the same as metal bodies, according to Carl A. Rishell, designer.

Rishell said that use of the wooden truck bodies by the Army would considerably reduce the heavy wartime demand for steel truck bodies.

He said adoption by the Army would enable the furniture and woodmakers industry during wartime to produce truck bodies and maintain full employment, and ease the pressure on the automotive industry.

The truck bodies were designed and built for Army Ordnance by the Timber Engineering Company, a research organization set up by the National Lumber Manufacturers Association.

They will be tested at the Army's Aberdeen, Md., proving grounds.

**GOOD NEIGHBOR MAN**—John M. Cabot, of Cambridge, Mass., has been named Assistant Secretary of State for Inter-American relations. He has been a foreign service officer since 1926, specializing in Latin-American affairs.

## Two Pharmacists Aid Research Of A-Bomb

WASHINGTON (AP)—Major contributions to the development of atomic energy were made by two pharmacists working 150 years apart, says the American Pharmaceutical Association.

Martin H. Klaproth, pioneer pharmacist and scientist, first identified the element uranium in 1789. In 1939 Dr. H.A.B. Dunning of Baltimore, excited by the possibilities involved in the development of the theory of uranium fission by German scientists, underwrote special research at Johns Hopkins University which hastened development of the atom bomb. Dunning is a life member of the pharmaceutical association.

## Husbands! Wives! Get Pep, Vim, Feel Younger

## Soo Rector May Be Appointed Bishop

GRAND RAPIDS (AP)—Western Michigan Episcopalians will try again March 19 to choose a successor to Bishop Lewis Bliss Whittemore who retires in June.

A call to delegates to re-assemble was issued by Bishop Whittemore's office. The convention had been in recess since Jan. 28 when a deadlock over choice of a new bishop continued through six ballots.

This time delegates will be presented with the names of only three candidates, in contrast to the 29 names on the previous list.

The candidates are Rev. Wood B. Carper, Jr., rector of the Church of the Holy Spirit, Lake Forest, Ill., Rev. Dudley B. McNeil, rector of St. James Church, Sault Ste. Marie, and Rev. George R. Selway, rector of St. Paul's Church, Lansing.

## CAME FROM BRAZIL

Rubber has not always been grown in the Malay States, now one of the world's principal rubber sources. Trees there sprang from seed smuggled out of Brazil and planted by the British more than half a century ago.

## First Lady Holds Press Conference; Men Lack Queries

By RUTH COWAN

WASHINGTON (AP)—More men than women showed up at Mrs. Dwight Eisenhower's first White House news conference Wednesday but the male contingent could master only one question: "How's the food?"

Fine, said the First Lady amid general laughter.

Mrs. Eisenhower was friendly and completely at ease at the news conference, the first ever held by a President's wife at the White House to which men were admitted.

### Crowns Cherry Queen

Mrs. Eisenhower started the conference off by listing her schedule up to April 11 when she will crown the cherry blossom queen, a high point during Washington's annual Cherry Blossom Festival.

This is believed to be the first time that a President's wife will have crowned a queen at such a occasion.

Then, with a wave of her hand and a smile, Mrs. Eisenhower announced: Ready and waiting for questions.

QUESTION: Has Mrs. Eisenhower changed the furniture from the way the Trumans had it arranged?

ANSWER: Yes, but—there are really only five rooms which she could call her own—all on the second floor—and the long hall extending from the east window to the west window, where she could put pictures and things.

Up Before 8  
QUESTION: Does Mrs. Eisenhower feel like she's living in a glass bowl?

ANSWER: No. Everything is quite comfortable, she said, adding that she has spent her life in large rooms that have high ceilings.

QUESTION: What is Mrs. Eisenhower's daily schedule?

ANSWER: Up before 8, to bed by 10 or 1030. And in between those hours?

She usually sends for her breakfast tray at 8 or 830 a. m., and as soon as she does that, people in the house know she is ready to know what's ahead to do.

She said she rises before 8 to get personal things done and read the papers.

At breakfast, she said, the chief usher brings in her tray and tells her what's on the schedule. Then come conferences with the housekeeper and her personal secretary, Mrs. Mary Jane McChesney.

After that, there is always plenty to do.

### Thompson

THOMPSON—Mr. and Mrs. William Erickson were called to Manistique Monday by the death of Mrs. Erickson's father, Stephen Dragos, who died while at work at the Inland Lime and Stone plant at Port Inland.

Mr. and Mrs. Clare Steele returned to St. Paul Monday following a weekend here with friends. The Steeles are former residents of Thompson.

Mr. and Mrs. Russell Minor Cook and Mr. and Mrs. Floyd Cox were in Escanaba Sunday to visit Mrs. A. J. Coleman, a sister-in-law of Mr. and Mrs. Cox, who is a patient at St. Francis Hospital.

George Chvala, John Potvin and Tom Smith and sons Donald and Bernard attended the Escanaba Hawks-Marquette Sentinel hockey game at Escanaba Tuesday evening.

Mr. and Mrs. Elmer Erickson are moving next week to their old farm home, the Eric Erickson place.

LeRoy Babbitt and Charles Felthaus, employees of the Lake and Stream Improvement project, now are working at Bark River on the project.

Walking habitually in thin-soled shoes tends to cause arches to sag and callouses to form. The soles of one pair of walking shoes, at least, should be thick enough to cushion the foot and absorb the shock of walking on unyielding pavements.

## Two Of Spring's Top Fashions

By GAILE DUGAS

NEW YORK (NEA)—Easter Sunday differs in climate clear across the country. What's a clear, warm day in one section is raw or cold or rainy in another, so it's difficult to pin down any one fashion as "the" thing to wear.

The best way to solve the problem is to wear whatever makes you feel prettiest and most at ease.

If you are breaking out a new fashion for the day, it's best to wear it at least once or twice beforehand.

This will take the newness away and allow you to become adjusted to the fashion so that you are not awkward in it. Ladies who go about clutching nervously at mink stoles would do better without them.

We show here, for wear on Easter Sunday, two of Spring's outstanding fashions.

The ensemble (left photo) is in a crepe that's a mixture of rayon-and-acetate. This Benham original has tucked, sheath-like dress worn with boxy jacket that has all-over pin tucks. Striped sash of dress is matched to lining of jacket. Monte-Sano has used ermine

## Cheese, Mainstay Of Lenten Meals, Is Plentiful

Favorite Lenten foods, cheddar cheese and cottage cheese, are plentiful this year and their increased use means not only economy but excellent eating, says Mary Bodwell, food economist for the agricultural economics department at Michigan State College.

These are excellent meat alternates because they supply adequate protein and minerals. American cheddar or cottage cheese are also versatile foods since they can be combined successfully with a great many other foods to add flavor, food value and variety to the menu.

### Tasty Combinations

Miss Bodwell suggests combining either cheddar or cottage cheese with eggs in soufflé, omelets or even scrambled eggs. Serve cheese in the form of a cheese sauce with vegetables such as cauliflower, broccoli, spinach or string beans. Add cheese to tossed or molded gelatin salads for a more substantial meal. Use cheese in casserole dishes with spaghetti, noodles or scalloped potatoes. Serve plain in sandwiches, with crackers or with a bland dessert.

Cottage cheese is one of the better protein buys right now. American cheddar cheese is also a good buy considering its food value. Processed cheese or cheese food is usually made from cheddar cheese

but is less expensive. Process cheese has less food value per pound than cheddar because liquid and a stabilizer have been added. This makes a softer cheese that will melt more easily.

All cheese should be kept covered or tightly wrapped in the refrigerator to prevent drying and giving the flavor of cheese to other foods.

### Use Moderate Heat

Cheese and cheese dishes will not be stringy or tough if a low to moderate temperature is used in the cooking process. The purpose of cooking cheese is usually just to melt the fat or blend the flavors.

Cottage and cheddar cheese can be used interchangeably in many recipes. Just remember to use the plain cottage cheese which has not been creamed. The cottage cheese will have a milder flavor than cheddar cheese and have more liquid. It will also take approximately one-fourth more cottage cheese than cheddar to give the same food value as a meat alternate.

For Lenten dishes or for just all-round good eating and economy, cheese is a good buy, says Miss Bodwell.

Wash your pet's individual food and water dishes in hot soapsuds at least once a day. Set aside a vegetable brush for the chore.

## Seney

SENEY—Mr. and Mrs. Lowell Maxon left for Detroit where they will visit with relatives and friends for a few days. Mrs. Maxon's grandmother, Mrs. Isa Van Sickle, will accompany back to Seney.

Mrs. R. Smithson accompanied her daughter and son-in-law, Mr. and Mrs. William LaComb of Grand Marais, to Marquette Wednesday. Mr. LaComb received eye treatment there.

Mr. and Mrs. Pat Sadler received a telephone call from their son, Patty, last week. He is stationed in Germany.

Dona Brunet of Big Bay called on Seney friends for a few days. Mr. and Mrs. Sid McArthur returned Monday from a month's visit with relatives in Otter Lake, Mich. and Zanesville, O.

Mr. and Mrs. E. Johnson of Michigan visited Sunday at the Tovey home.

Mr. and Mrs. Henry Havill of L'Anse have moved into a McDowell cabin.

Mr. and Mrs. Ray McDowell returned Wednesday from Detroit where they were visiting with relatives and friends.

For stand-up ironing, especially on hard basement floors, a rubber mat will help to keep your feet from becoming tired.

## Personals

Pvt. Tom Way is spending a 14 day furlough at the home of his parents, Mr. and Mrs. Tyler Way of Wells. He was previously stationed at Camp Gordon, Ga., and after his leave, Tom will continue to Washington where he will receive his orders for overseas duty.

## Church Events

### Central Fellowship

Miss Lois Nelson, youth counselor of Central Methodist Church announces that the Methodist Youth Fellowship will meet this evening at 7.

Cast iron pans improve with use. The fat from cooking fills the pores, making food less likely to stick and the pan less likely to rust.

## Mother's SPAGHETTI

Costs little more for the best in flavor-blend goodness and lasting energy nutrition.

## Stirring Address On Trial Of Christ At Circle Meeting

An inspiring address in keeping with the Lenten season, based on Judge Frank A. Picard's "The Trial of Jesus from a Lawyer's Viewpoint" was delivered by Attorney Wheaton L. Strom at Tuesday evening's dinner meeting of Circle 5 of the First Presbyterian Church held in the Guild Hall of the church.

The basic material by the noted Judge of the United States District Court is an interpretation of what happened in Judea during the memorable week culminating in the Crucifixion, in relation to the law as it existed in those days and the facts as taken from the four Gospels. It represents 25 years of research.

The address by the Escanaba attorney was marked by scholarly and moving delivery which left a deep impression on his listeners.

Mrs. R. H. Pakarinen was chairman of the evening and hostesses were Mrs. Pakarinen, Mrs. Chester Severinsen, Mrs. Frank Raach, Mrs. Albin Olson and Mrs. George Haberle.

## Mouse And Bird Stories Saturday

A mouse who went house-hunting and a cuckoo-bird who sought adventure will be featured at Story Hour at 10 a. m. Saturday in the Children's Room of Carnegie Public Library, Mrs. Kenneth G. Jensen will tell of "Mouse's House" and "Mr. Kuckelberry". Last week's attendance was 32.

## Cornell

**4-H Club Meeting**  
CORNELL—The Senior Girls 4-H club held their regular meeting Monday evening at the school. Fred Bernhardt was present to prepare a radio broadcast in which the girls with their leaders, will take part on the 4-H Club of the Air, Saturday, March 14.

**Home Extension Meeting**  
The Cornetts Home Ec Club met at the hall Tuesday evening. A lesson on foods was given by Mrs. Ed Wight and Mrs. Orville Wolf. Lunch was served by Mrs. Wight and Mrs. Wolf.

**Briefs**  
Mrs. Oral Thompson, returned to her home after spending several weeks in California.

## Cake Honors St. Patrick's Day

EMERALD ISLE CAKE to honor St. Patrick's Day is decorated with green candles and shamrocks, with leprechauns looking on.

By GAYNOR MADDON, NEA Food and Markets Editor

Mrs. Murphy's chowder is a better song than dish for St. Patrick's Day dinner. When it comes to eating on March 17th, there's soda bread, good corned beef, green tea and this downy, light-green, frosted Emerald Isle cake.

The recipe comes from Boston, Mass. Mrs. Carra Gist—there's a good Irish name—gave it to me.

### Emerald Isle Cake

Two-and-one-half cups sifted cake flour, 1½ teaspoons double-acting baking powder, ½ teaspoon soda, 1 teaspoon salt, 1½ cups sugar, 2 squares unsweetened chocolate (melted), 3 tablespoons hot water, ¼ teaspoon soda, 2 tablespoons sugar, ¾ cup shortening, buttermilk or sour milk (with butter, margarine, or lard, use ¾ cup buttermilk; with vegetable or any other shortening use 1 cup buttermilk), 1 teaspoon vanilla, 3 eggs (unbeaten).

Measure sifted flour into sifter; add baking powder, soda, salt and sugar. Combine in small bowl the melted chocolate, hot water, ¼ teaspoon soda, and 2 tablespoons sugar; let stand while mixing cake. Stir shortening just to soften. Sift in dry ingredients. Add buttermilk and vanilla; mix until all flour is dampened. Then beat 2 minutes. Add eggs and beat 1 minute longer. (Beat vigorously by hand or at low speed of electric mixer).

Line 2 round, 9-inch layer pans on bottoms with paper. Pour half of the batter into one pan. Top remaining batter, add cooled choco-

late mixture, blend, then pour into second pan. Bake in moderate oven (350 degrees F.) 35 minutes, or until cake springs back when pressed gently with fingers.

Cool cakes, then spread Emerald Isle frosting between layers and over top and sides of cake. Decorate with shamrocks, made from deep green confectioners' sugar icing. If desired, insert tiny green candles.

### Emerald Isle Frosting

One-half cup mint jelly, 1 egg white (unbeaten), ¼ cup sugar, dash salt.

Combine in top of double boiler mint jelly, egg white, sugar and salt; mix well. Then place over boiling water and beat with rotary egg beater (or at high speed of electric beater) 3 minutes, or until frosting will stand in peaks. Remove from boiling water and cool slightly before spreading.

## North Delta 4-H Party Friday Night

NORTH DELTA—The North Delta 4-H Clubs will hold a party in commemoration of national 4-H Club Week Friday, March 13, at 8 p. m. at the Community Hall. Fred Bernhardt, county 4-H agent, will be the speaker and he also will show films. All members and their parents are invited.

Cineole is a liquid, which has the odor of camphor, contained in many oils.

## Personals

## PTA To Hear Monday Of Adolescent Child

The Central Parent-Teachers Association will meet Monday evening at 8 in the Gladstone high school assembly room.

Speaker of the evening will be Howard Lamb, Marquette, director of the Upper Peninsula Child Guidance Clinic. Lamb will speak on the topic: "The Adolescent Child." He spoke before the or-

## DeHooghe Claims Pace-Setting Post In Smear Tourney

In second place last week, Bernard DeHooghe's team scored 79 points to tie the Molly Cassells team for the evening's high score and shoot into the pacesetting post in the Holy Name tournament Monday night. Albert Wilmette, third last week went into the runner-up spot while last week's leader, Harvey Gardner scored only 37 and dropped to third.

DeHooghe now has 597 to Wilmette's 588 while Gardner has 568 and LaCosse 557.

Only one more round of play remains in the second half and when there will be a playoff between the second half winners and August Boden's quartet, winners in the first half.

Other cumulative scores are Phil Richel 548, Cassells 547, Louie Frantz 546, Maurice Lierman 545, Al Willette 545, Andy Vargo 522, Vic Stock 519, Clyde Alworden 509, Julius Reubens 506, Isadore Cretens 500, Ed Marshall 498, Louis LaComb 490, August Boden 480, Rene Maskart 472, Don Zierke 465, Ed LeRoux 453, Andy Valencie 423 and Ed Esler 361.

Low score Monday night was Vargo's 27.

ganization last year and was well received.

Previous to the business meeting and talk a group of 26 7th and 8th graders under the direction of Miss Lu Frisk will present a group of choral selections. There also will be a vocal duet by Cora Sue Pepin and Elmer Holm.

Reports of the nominating committee will be received at the business meeting and a delegate is to be named to attend the PTA convention at Grand Rapids next month. On the nominating committee are Mrs. John Greene, Mrs. LeRoy Hamilton and Mrs. Donald Grenfell.

Lunch is to be served by a group of mothers of 5th graders: namely the Mmes. William Kautman, William Druding, Wilbert Rivers, Joe Butch, Francis Smith, R. A. Hale, Walter Houghton, Rexor Beauchamp, Oscar Ohman, Kenneth Pierce, B. H. Skellenger and John Norton Jr.

## Welfare Club Held Meeting On Monday

The regular monthly meeting of the Child's Welfare Club was held on Monday evening at the home of Mrs. A. H. Miller. A social hour was held after the business session. In the bridge games, Mrs. Walter Boucher received the honors and in canasta, Mrs. Roy Hawkinson was high.

A nice selection of sewing materials, cloth and patterns was donated by those attending the meeting.

A delicious lunch was served at the close of the evening. A St. Patrick's Day motif formed the decorations.

Potatoes are about 75 per cent water.

**KOREAN WATER HOLE** — Water may be easy to get in most parts of the world, but this Seoul, Korea, boy had to chop a hole in the thick ice of the Han River to get his. There is still a critical water supply problem in this war-torn city, and the bitter winter cold is hampering efforts to solve it.

## Announce Winners In Mixed Doubles

Wm. S. (Gramps) Skellenger and Mrs. Mazel Gillis won the mixed doubles last weekend at the Midway with a total of 992. In second place was Marvin Erickson and Peg McCauley with 905 while Paul Anderson and Joyce Erickson had low with 773.

Gramps had high score for men with 204 while Mrs. Gillis had high among the women with 178.

## Band Boosters To Meet On Tuesday

The Band Boosters Club will meet Tuesday evening at 8 in the music room at the Junior High school.

The following program will be presented by a group of high school students:

Cornet Solo, "Sparkles," Harris — Jerry Koehler.  
Cornet Solo, "Concert Waltz,"

## Briefly Told

**Youth Fellowship**—Because of the annual meeting there will be no meeting of the Youth Fellowship of the Methodist Church on Sunday.

**Guest Preacher** — Dr. Charles Wolfe, Marquette, district superintendent will be guest preacher at the worship service Sunday morning at 10:45 in Memorial Methodist Church.

## CARD OF THANKS

We wish to express our deep appreciation of all the kindness shown us during the illness and death of our husband and father. We especially want to thank Rev. Peterson, Mrs. Sundblad, Mrs. Olson and all who donated flowers, use of their cars and the drivers and pallbearers. The memory of these expressions of sympathy will long be with us.

The Family of  
Frank Oathoudt

Those attending the sleigh ride were, Frances Anderson, Maryce Anderson, Carol Apelgren, Joyce Brewer, Yvonne Closs, Susan Ebenesen, Dorothy Elgreet, Jane Goodman, Nancy Hite, Mialma Johnson, Janice Kent, Patty McPhetridge, Alice Oathout, Mary

## Letters To The Editor

### Death By Ground Glass

Dear Sir:  
I am writing this letter hoping whoever was responsible for the death of our dog "Chickie" will take the time to read this.

If only you could have seen how this dog suffered before he died because of the meat mixed with cut glass that you had fed him. I'm sure you'd never do it again. I can't understand how anyone could be so cruel and do what they did to our dog.

We had "Chickie" for four years. If he had died from some animal illness or had been killed by a car that would have been different.

I know we shouldn't let ourselves become so attached to an animal as we were to our "Chickie" but he sure was a wonderful pet. If he was bothering anyone why didn't you call the City and have him picked up or you could have called me as he wore a tag on his collar with my name and address on it.

There is another dog that's sick in this neighborhood whose mouth is all cuts from a dose of cut glass and meat. I beg of you, don't ever do that again to another animal.

Signed:

Mrs. Louis Cole

## City Briefs

Mrs. Leonard Doremire and daughter Mrs. Alfred Kurth left Wednesday by motor for Waukesha to attend funeral services of Mrs. Groff which were held this afternoon.

Mrs. Earl Mark has returned from Delavan, Wis. where she has been visiting with her sister.

Dr. and Mrs. B. H. Skellenger visited in Chicago for a few days the earlier part of the week.

Mr. and Mrs. Albert Foster accompanied by their son, John Foster of Sioux Falls, S. Dak., left Tuesday for the Mayo Clinic at Rochester, Minn.

Mrs. Francis Radiker and son Jack have returned to their home here after spending the past 4 1/2 months in Rhinelander, Wis., where Mrs. Radiker received treatment following an attack of polio. Treatment will be continued here.

Ann Paine, Anita Rivers, Mary Sue Sabourin and Margaret Ulrich.

Those assisting Mrs. Hite, were Mrs. H. T. Brewer, Mrs. Soren Johnson and Mrs. Lionel Sabourin.

## Death Claims George Judson

George W. Judson, 73, of 515 N. Mackinac Ave., died at 7:05 a. m. yesterday at the Schoolcraft Memorial Hospital where he had been a patient a week. He had been in failing health for several years.

He was born April 15, 1879, in Douglas Lake, Mich., and had spent the greater part of his life in the Emmett County area. He came to Gould City in 1935 and moved to Manistique in 1951.

He was married to Elizabeth Knickerbocker in Maple Rapids on Dec. 25, 1901. Mrs. Judson died in 1934.

He was a veteran of the Spanish-American War, having served with the 33rd Michigan Volunteers from June 28, 1898, to Dec. 5 of that year.

He was a member of the First Methodist Church at Levering and also the Odd Fellows lodge there. He was a past noble grand of the lodge.

During his active years he was employed as a carpenter and a sawmill worker.

He is survived by a son, George H. Judson, of Gould City; two daughters, Mrs. Beulah Huffman and Mrs. Edith Scon, of Manistique; a brother, William, of Levering; two sisters, Mrs. Olive Koepke and Mrs. Mary Gordon, of Levering, and five grandchildren.

The body has been taken to the Messier-Broulliere Funeral Home and friends may call there today, beginning at 4 p. m. The body will be shipped Friday morning to Levering where funeral services will be held at 2:30 p. m. Friday.

## City Briefs

Mrs. Ed Bush, N. Cedar St., returned Monday from a month's trip to Key West, Fla., where she attended the wedding of her daughter, Josephine, and also visiting relatives in North Carolina and Washington, D. C. She was accompanied to Florida by Josephine, and Miss Mary Gorsche and Miss Jean Jackson, of Chicago.

Marlyn Couture, daughter of Mr. and Mrs. Earl Gould, N. 3rd St., underwent an appendectomy at the Schoolcraft Memorial Hospital this morning.

Mr. and Mrs. William A. Anderson and son Wesley, spent the weekend here at the home of his parents, Mr. and Mrs. J. C. Andersen, 40 Center St. They were on a return trip to their home in Detroit from a month's vacation trip to Tucson, Ariz., and parts of Mexico.

Word has been received here that Mr. and Mrs. Glenn Hershberger, of Elkhart, Ind., are the parents of a daughter, weighing 6 pounds and 5 ounces, born Feb. 28. The Hershbergers are former local residents.

Mrs. Clarence McNamara has returned to her home at 702 Oak St., after being a patient at the Pinecrest Sanatorium at Powers for a year.

## Obituary

**JOHN A. BRAWLEY**  
Funeral services for John A. Brawley were held at 3 p. m. yesterday from the Messier-Broulliere Funeral Home with the Rev. Paul Sobel, of the Presbyterian Church, officiating.

The body was placed in Lakeview vault and will be buried in the spring in Gould City cemetery.

Mrs. Scott Creighton was organist during services.

Palbearers were William Drefs, Bernard Brawley, Robert Brawley, Angus MacDonald, Howard Hewitt and Francis Cook.

**AT CAMP GORDON**—Pvt. Archie H. Welch, son of Mrs. Harold Pizzala, Iron St., is now stationed at Camp Gordon, Ga. He enlisted Jan. 29 this year.

## Wildlife Week To Be Observed

The Schoolcraft County Sportsmen's Club will join with Michigan United Conservation Clubs and organized conservationists throughout the country in observing National Wildlife Week from March 15 through 21, it is announced by Robert Hentschell, president.

Highlights of the local observance will be a special program at a club meeting Thursday night, March 19, and the sale of wildlife stamps by Manistique Boy Scouts, Hentschell said.

Scouts were slated to begin the sale of stamps yesterday or today. Proceeds will be divided between Scouts and Michigan United Conservation Clubs, with half going to each group.

National Wildlife Week has been sponsored each year since 1938 by the National Wildlife Federation, Washington, D. C., a non-profit organization, in conjunction with its affiliates in 45 states.

Purpose of the week is to draw attention nationally to the need for united action in conserving and restoring America's dwindling natural resources, Hentschell pointed out.

The Michigan United Conservation Clubs is a state-wide league of local conservation units. The Schoolcraft club is an affiliate.

Hentschell said that observance of National Wildlife Week is being preceded by "Join a Sportsmen's Club" Week, March 8 to 14, inclusive. A proclamation by Governor C. Mennen Williams calls upon all persons interested in wildlife to become members of a sportsmen's group.

## Ratings Given Youths Selected For Boys State

Six undergraduate boys in Manistique high school, selected by faculty members last week as candidates for Wolverine Boys State, were given the following preference ratings yesterday in a vote conducted in school English classes.

First, Francis Laurion; second, Marvin Larsen; third, William Holm; fourth, Melvin Ott; fifth, Kenneth Dixon; sixth, Maurice Creger.

The Manistique Elks lodge, which initiated the school action in selecting and giving preference ratings to the youths, has announced that it will send the boys getting the highest preference vote to boys state.

Other organizations in the community desiring to sponsor youths to the annual Wolverine event have been invited to make their selections from the school list.

## Girl Scout Group Entertains Leaders On Tuesday Evening

Members of the Manistique Girl Scout Council entertained various leaders at a social meeting Tuesday evening in the Central school kindergarten room.

Included on the program were songs, games and refreshments.

During a brief business session it was announced that Girl Scout cookies would be available for sale next week and that a Girl Scout rally initially planned for March 14 had been postponed to March 21. The rally will be held in the Lincoln gym.

Present at the session were the following council officials: Commissioner, Mrs. James H. Fyvie; vice commissioner, Miss Winnifred Orr; treasurer, Mrs. Carl Olson; membership chairman, Mrs. A. F. Hall; Timber Trail camp chairman, Mrs. Alan Walter; public relations, Mrs. E. H. LeBrasseur; program, Mrs. Vilas Young; finance, Mrs. Milton Keteck; training, Mrs. T. H. Reque; leaders' representatives, Mrs. Durwood LaVance and Mrs. Richard Foley; organization, Mrs. Robert Shining.

Leaders present follow: Lincoln—fourth grade, Mrs. Young; fifth and sixth grades, Miss Orr and Miss Evelyn Berwin.

Central—Second and third grades, Mrs. Fyvie and Mrs. Paul Knight; fourth grade, Mrs. E. J. Doyle; fifth and sixth grades, Mrs. William Grant; seventh grade, Miss Anita Faulkner and Miss Nancy Carstensen; eighth grade, Mrs. Rudy Brandstrom.

High school—Mrs. Eugene Johnson and Mrs. Edward LaVance. Lakeside—second and third grades, Mrs. Edward Mathson and Mrs. Ed Jorgensen; fourth grade, Mrs. T. H. Reque and Mrs. Richard Foley; fifth and sixth grades, Mrs. Durwood LaVance and Miss Irene Karasti.

## Social

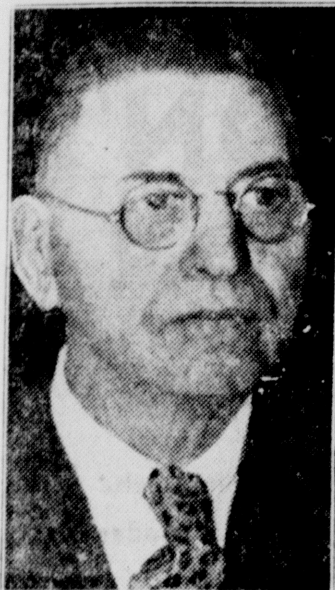

**Handy Hands**  
The Handy Hands Club of the Home Demonstration Council held its regular meeting Tuesday evening at the home of Mrs. Melita Patz, E. Elk St.

During the business meeting plans for achievement day were discussed. Lessons for future meetings were also discussed. A planning meeting will be held at the court house March 17 to set up lessons for the coming year.

Mrs. Emery Rieckhoff was given the special award for the evening.

Lunch was served later. Guests of the club were Mrs. William LaFreniere, Mrs. Clinton Larson and Mrs. Albert Swanson.

## Sven Johnson Is Taken By Death

Sven Johnson

Funeral services for Sven Johnson, 37, former prominent Manistique merchant and funeral director, who died Tuesday night, will be held at 2:30 p. m. Friday from Kefauver and Jackson funeral home.

Rev. Harold Martinson of Bethel Baptist Church will officiate and the body will be placed in Lakeview vault. Burial will take place in Lakeview cemetery next spring.

The aged man died at 9:30 p. m. Tuesday in Schoolcraft Memorial Hospital where he had been a patient for several weeks. He had been in failing health the past three years.

Born Dec. 10, 1865 in Bleking, Sweden, Johnson came to the United States when he was 16, settling in Sturgeon Bay, Wis. Four years later he moved to Manistique, and, following employment in the logging woods of the Chicago Lumbering Company, he was engaged to work in the firm's Northern Hardware and Furniture store, in the present Park Hotel building.

In 1898, he and the late William F. Kefauver went into the furniture and undertaking business in a building on Cedar street now occupied by the city fire department. In 1900 Johnson purchased Kefauver's interest in the business and moved the firm to Oak street, in the building now occupied by the Schubring Refrigeration Service.

Two years later he constructed his own building on South Cedar street, operating a furniture store

## Briefly Told

**Choir Practice**—The choir of the First Baptist Church will practice in the church tonight at 7:15.

**Westminster Fellowship**—The Junior High Westminster Fellowship of the Presbyterian Church will meet in the church tonight at 7.

**Bethany Society**—The Bethany Society of the Zion Lutheran Church will meet at the home of Mrs. Carlton Siddall, 603 Oak St., tonight at 8. Mrs. Wilbur Fairchild will be the assisting hostess.

**Couples Fellowship**—The Couples Fellowship of the Bethel Baptist Church will meet in the church tonight at 8. The lunch committee consists of Mr. and Mrs. Robert Oberg and Mr. and Mrs. John Blomquist. All members and friends are invited to attend.

## Name Van Eyck To Student Board

Dan Van Eyck, a junior at Carleton College in Northfield, Minn., has been elected to the office of president of the Carleton student governing body. Elections were held Feb. 28.

As president of the student governing group, Van Eyck is ex officio proctor of the senior dormitory. For work connected with both offices he is granted a substantial scholarship by the college.

Don is the son of Mr. and Mrs. Kenneth P. Van Eyck, 320 Lake St., Manistique. A graduate of Manistique high school, and active in speech, journalism and dramatic work there, Dan has carried his interest into Carleton. He was treasurer of the Young Republican Club, has appeared in several dramatic productions, and is a member of the Co-op social activities planning board.

and funeral business until his retirement in 1945.

Johnson served many years as Schoolcraft county coroner and was a member of the Elks Lodge. He attended Bethel Baptist Church.

His only survivor is a daughter, Mrs. John S. Young of Savannah, Ill. His wife died Sept. 20, 1938 and another daughter, Theresa, died in June, 1952.

## Change In Boys' Gym Is Approved

Physical education requirements for boys in Manistique high school were reduced from four to two years by the Board of Education at a meeting Tuesday evening. The change is effective next school year.

The move, instituted as an economy measure, will save an estimated \$1,200 annually in the physical education department.

Boys have been required to take four years of physical education since the start of World War II. Two years now will be mandatory but boys may take additional work in the department if they desire.

Another change approved by the board was replacement of Business Arithmetic with General Mathematics in the eighth grade. The replacement course will offer new material and explore new mathematics fields besides serving as a better preparation for high school mathematics courses.

A charge of \$5 for home economics department dishes used at banquets also was approved by the board. The fee is to cover cost of inventorying dishes before and after banquets. Organizations using the dishes also must pay for breakage and missing items.

In other actions the board approved teachers' contracts and authorized the closing of schools at 2:30 p. m. Friday to permit student and teacher attendance at the regional basketball tournament in Negaunee.

## Fine Several Truck Operators Tuesday On Traffic Counts

Four truck operators paid fines and costs in local justice court Tuesday for various traffic violations.

Dennis A. Mannila, of Grand Marais, ticketed by a Michigan State Highway Department weighmaster Feb. 9 for over-width, paid \$10 fine and \$4 costs after a warrant against him had been executed by state police. He was driving a truck owned by Arthur Nelson, Marquette, and was given a ticket on M-28 at Seney.

Rudolph Goopille, Grand Marais, driving an Arthur Nelson log truck, also paid \$10 fine and \$4 costs after a warrant was served. He was ticketed for overweight by a highway department weighmaster on Feb. 11 on M-28 at Seney.

Lee J. Tolman, Grand Marais, another Arthur Nelson truck operator, paid \$10 fine and \$2 costs on three separate counts Tuesday—two overweight and one no operator's license. State police booked him Feb. 5 for having no driver's license and a weighmaster ticketed him on the overweight charges on March 3 and Feb. 18. All offenses were committed on M-77 north of Seney.

Gaylor Hamm, L'Anse, paid \$10 fine and \$2 costs on an over-width charge. He was ticketed Feb. 26 on M-77 north of Seney, operating his own truck.

**MAN OUT-EATS HORSE**  
DAVIS, Calif. (AP)—For his size, man puts away more food than the horse, says an animal husbandman at the University of California.

Carroll E. Howell, in commenting on the statement that a mature human eats 16 times his body weight in a year, claims that a hard-working horse given liberal allowances of food every day could eat only eight or nine times its weight in a year.

**Doomed Friendly Seal Finds New Zoo Home**  
SEATTLE (AP)—The children and some of the nearby residents loved the friendly seal who had been flipping about a year. But irate fishermen wanted the seal eliminated because they felt it was drowning too many lake trout.

When the Fisheries Department decided to shoot the seal, it was discovered the lake was closed to shooting. The impasse was recently resolved when the Fisheries Department arranged to have the seal placed in the Woodland Park Zoo. There it will discover a play

# Gerry Harris Is King Of Midwest Downhill Skiers

Gerry Harris, former St. Joe Trojan athlete now completing his fourth year in civil engineering at Michigan Tech at Houghton, is known throughout the Midwest area as king of the skiers in the slalom-downhill combined division.

Since starting to ski for the Huskies during the winter of 1950, Harris has won 13 individual championships. In 1950 Gerry won one championship, the Central U. S. Ski Association 4-event Jumping Championship. In 1951 Harris won the following championships: the Intercollegiate Slalom, the Intercollegiate Combined, the Intercollegiate 4-Event Downhill, the Intercollegiate Slalom and the Intercollegiate 4-Event.

Since starting to ski for the Huskies during the winter of 1950, Harris has won 13 individual championships. In 1950 Gerry won one championship, the Central U. S. Ski Association 4-event Jumping Championship. In 1951 Harris won the following championships: the Intercollegiate Slalom, the Intercollegiate Combined, the Intercollegiate 4-Event Downhill, the Intercollegiate Slalom and the Intercollegiate 4-Event.

## 1953 Best Season

This season, 1953, Gerry has had his best year on the hickories. He has won every championship except one. In his final meet he took a bad spill and finished out of the top place. His championships this year included the Intercollegiate Downhill, the Intercollegiate Slalom, the Intercollegiate Combined, the Intercollegiate 4-Event Downhill, the Intercollegiate Slalom and the Intercollegiate 4-Event.

Since 1950 the Huskies have won 31 championships with Harris winning 13 of them.

Skiier Harris is also a member of the Michigan Tech Ski Patrol as well as president of the Michigan Tech Ski Club. While skiing for the Huskies, Harris has traveled to Menominee, Wis.; LaCrosse, Wis.; Duluth, Minn.; Grand Marais, Minn.; as well as Boyne Mountain. He has become a favorite at all of the places that he has skied.

## All-Around Athlete

Gerry belongs to the Theta Tau fraternity and participates with that team in the intramural program at Michigan Tech.

Gerry is an outstanding competitor in basketball, softball and volleyball. These sports are carry-overs from his competition at St. Joseph. While the latter school Gerry won letters in football, basketball, baseball and golf.

Harris expects to take a job, when he graduates from Michigan Tech with his civil engineering degree this June, out West where he says he will be able to participate in skiing and continue his winter activities.

This season the Daily papers gave Michigan's Tech's Gerry Harris widespread coverage every time that he journeyed to the Duluth area. They rate Harris as the outstanding individual performer to ski at their Sno' Week meet held there this year.

## Gordie Howe Three Goals Short Of Mark

(By The Associated Press)

Detroit's Gordie Howe is only three goals away from the National Hockey League's all-time record today. He scored his 47th goal of the season Wednesday night as the Red Wings blanked the last-place New York Rangers, 3-0.

Goalie Terry Sawchuk, in his eighth shutout of the year, made 24 saves.

## Only Undeclared Grapefruit League Clubs

# Tigers, Dodgers Open Fast

By ORLO ROBERTSON  
APNSportsWriter

Any baseball manager will tell you it is mighty nice to break from the barrier in front. And for that reason, if nothing else, you can't blame Charlie Dressen of the Brooklyn Dodgers and Fred Hutchinson of the Detroit Tigers if they are feeling right well these days.

The spring exhibition season is less than a week old but both Dressen and Hutchinson have their clubs away winging in quest of the mythical Grapefruit League crown. The Dodgers have won all five of their outings and the Tigers are unbeaten in four games.

The Dodgers beat the Boston Braves and Philadelphia Phillies twice each before hanging a 4-2 setback on the Philadelphia Athletics yesterday.

## Best Braves 14-10

The Tigers, somewhat of a sur-

Gerald Harris

## Harnies And Skinny's Pushed In City League

Results Last Night  
Gladstone 65, Paper Mill 42  
Harnischfeger 45, Kessler's 38  
Skinny's Bar 64, AEs Tavern 54

Team	W	L
Harnischfeger	10	1
Skinny's Bar	8	1
Kessler's Bar	4	3
AE's Tavern	5	5
Gladstone	4	8
Paper Mill	0	13

Front-running teams in the Escanaba City League basketball standings found the going rough last night but came out with victories.

The league leading Harnischfeger quint trailed Kessler's Bar by one point going into the final quarter before surging to win 45-38.

Skinny's Bar, second place quint, came from behind to knot the score at 45-45 going into the final period and then sprinted to a 64-54 victory over AE's Tavern.

In the open Gladstone Marble Arms led all the way in posting a 65-42 victory over cellar-dwelling Paper Mill.

Harnischfeger managed an 11-10 first quarter lead but Kessler's tied it at 18-18 at the half and went ahead 28-27 at the end of the third period. But the Harnies rallied to put 18 points through the hoop in the final stanza. Big Phil Creten pumped 20 points through the nets for the winners.

Jim Kessler led Kessler's with 13 and was assisted in the scoring by Wayne Boucher with nine and Don Lewis with eight.

AE's Tavern opened up a 19-10 lead on Skinny's in the first period but saw it whittled to 31-29 at the half. Skinny's scored 16 in the third quarter to knot it 45-45 and it was nip-and-tuck until the final four minutes of the game when

Skinny's began pulling away for keeps. AE's lost the services of Keith Hines and Dave Kwarsian in the final period.

Tom St. Germain paced Skinny's with 26 points on seven field goals and a dozen free throws. Don Paulin hit 20 for AE's and Joe LaVigne chipped in 15.

Scoring honors for the evening went to Bill Courneene of the losing Paper Mill quint. He fired 28 points off the boards. Tom Morneau led Gladstone with 18.

## Rodman's Takes First Defeat

HERMANSVILLE — The Rodman's Bar Foxes suffered their first independent basketball defeat of the season last night, falling 81-79 to the Negaunee Pfeiffer's Beer quint.

Rodman's had run up 19 straight independent wins before losing to the Negaunee team. The Foxes were playing without the services of high-scoring Duane Girard.

Kangas led the fast Negaunee quint with 23 points. Dave Ottosen was the Rodman's leader with 19.

Saturday night Rodman's will play host to Kessler's Bar of Escanaba at 8 (CST) at the Community Center gym. Sunday afternoon Rodman's will entertain AE's Tavern in a 2:30 clash at the Center.

John W. Morris Jr., assistant athletic director at Michigan State, set a world high hurdles record when he won the AAU title in 1933.

## In This Corner

With Ray Crandall

The Arcadian bowling team continues to roll them hot, with Bill Bougie the latest member to hit a big one . . . In Tuesday night's action Bougie collected games of 235, 231 and 204 for a heavy 670 series . . . Chuck Peltier rolled a 682 to take over first place in the minor division singles in the Wisconsin State tournament over the past weekend.

John Connelly, Escanaba's novice division Golden Gloves featherweight champion, may return to the U. P. to appear on the boxing show at Manistique late this month . . . Connelly who left Escanaba a few weeks ago to seek employment in Milwaukee, is being sought for a rematch with Buddy Holmberg of Manistique . . . The two battled it out for the U. P. feather crown in the GG tourney here last month . . . If the Escanaba fighter can get the necessary training in he'll make the trip to Manistique.

Ray Ranguette of Cooks has been appointed head official for the Class B and D regional tournament to be held this week at the huge Negaunee gym . . . Dick Schram of Escanaba, Mort Eustice of Calumet and John Bouchard of Newberry are the other officials . . . The seating capacity of the Negaunee gym is 2,500, but several hundred more fans can be accommodated by standing room.

The Ironwood Red Devils and the Negaunee Miners will be meeting for a second time this season when they tangle in the U. P. Class B regional tourney at Negaunee Friday night at 8:30 . . . Ironwood won, 59-42, but it was the season opener for Negaunee and only the second of the campaign for Ironwood.

Calumet's sharp little goalie, Jim Kuusisto, was not in the nets when the Radars beat Portage Lake 5-1 in the second game of the semifinal playoff series Tuesday night . . . Out with an eye injury, Kuusisto's place was taken by veteran Frank Sotlich who turned in an excellent job on the defending champions.

# Nahma, Powers Begin Regional Cage Action

Two high school cage quints that won district tournament championships at Rock last week will move a step closer in their quests for Upper Peninsula crowns tonight.

Class E interest will be centered at Houghton's Michigan Tech gym where defending champion Nahma goes into action against little Bates of Iron County. Coach Harold "Babe" Anderson's Arrows are a distinct favorite to reach the finals which will be played Saturday afternoon at 2.

## Play At 8:30

Opening game in the Class E regional will match Marenisco against National Mine at 7 tonight. Bates and Nahma take the court at 8:30.

Over at Negaunee, Coach Irving Soderlund's Powers-Spalding Tigers enter title play in the Class I regional tonight at 7 against Dollar Bay. In the windup at 8:30 the Gwinnett Model Towners face Rudyard. Winners will meet for the Class D crown at 2 Saturday afternoon at the huge Memorial gymnasium.

Nahma swept to the district title at Rock by defeating Carney in an easy semifinal game and then edging Perkins, Central League champions, in the championship game.

## B. C Tomorrow

Powers, co-champion of the Little Seven Conference, took its district championship at Rock by beating Cooks 67-59 in the semifinals and Rapid River 75-74 in the finals.

Teams in the Class B and C regionals swing into tournament play on Friday night. The undefeated Manistique Emeralds open at Negaunee against Menominee's Maroons at 7. Negaunee and Ironwood clash at 8:30 with the winners meeting for the title Saturday night at 8.

St. Joe of Escanaba makes its third straight bid for a U. P. Class C title when it faces Bessemer at Houghton Friday night at 7. Crystal Falls meets Painesdale at 8:30 with the winners playing Saturday night at 8.

## Hockey

## U. P. Dartball Tourney To Be Held In April

A three-day Upper Peninsula dartball tournament will be staged in Escanaba next month, it was announced today by George LaCrosse, president of the sponsoring Escanaba Dartball Association.

The tournament will be staged April 17-18-19 at Carpenter's Hall.

Entry deadline is Tuesday, March 31. Entries must be mailed to Mrs. Wallace Hubert, 331 N. 18th St., Escanaba.

Entry fee will be \$5 per team and there will be no charge for playing.

Entry blanks have been mailed to every dartball in the Upper Peninsula and a large field is anticipated.

## State Swimming Meet Saturday

EAST LANSING (AP)—Twenty-four Class A high schools will send 307 swimmers to their annual interscholastic championship meet at Michigan State College Friday and Saturday.

Defending champion Dearborn-Fordson high is regarded as the team to beat, with Jackson High, Five-A League champion, a strong contender. Saginaw Arthur Hill was given an outside chance at the title.

All but one of the Dearborn medley relay squad will return to defend its crown, and Bay City Central will have two of its championship four-man 200-yard free style relay squad returning.

Competing schools include Monroe, Mt. Clemens, Pontiac, Wyandotte, Roseville, Ypsilanti, Birmingham, Waterford and Bay City Handy.

## Sports Mirror

FIVE YEARS AGO—Marcel Cerdan, 156½ European middleweight champ, knocked out Laverne Roach, 156, in the eighth round at Madison Square Garden.

# Esky Hawks To Invade Marquette Tonight In Final Hockey Playoff

The Northern Michigan Hockey League reaches the end of the semifinal playoff series tonight with the Escanaba Hawks traveling to Marquette to face the Sentinels in the rubber game of their series.

Each team holds a one-goal victory in the match. Marquette won

met game. The Copper Country series is also tied one-up.

## Petaja Helps Hawks

The Hawks turned in one of their best games of the season in edging Marquette here Tuesday night and the victory boosted their playoff stock considerably.

Addition of forward Burt Petaja to the lineup has molded the Hawk attack into two dangerous front lines which kept the Sentinels in the hole through most of the fast game. Petaja scored the winning goal against the Sentinels in the third period on an assist from player-coach Mark Olson.

The Hawks will be at full strength again tonight in their bid for a berth in the championship series. In addition to Petaja and Olson on the lines, the Hawks will go with Buddy Provo, Joe Ricci, Len Webster, Jim Ogle, Dave Serbinski, Bob Higgins and Dick Johnson as forwards and Hubert Hamilton, Ed Broughton, George Schultz and Clarence Matt as defencemen.

## Artwich Standout

Ben Artwich, husky Stambaugh netminder, will guard the Escanaba goal at the Palestra. Artwich was spectacular in turning back the Sentinels here Tuesday and rates with the best goal tenders in the Northern Michigan circuit.

Marquette's high-powered hockey machine will also be well-oiled for fast operation tonight. Jim Eady, slick skating forward

who gets in on his share of the rough stuff, has piloted the Sentinels in both of their playoff games. He hit for both Marquette goals early in the third period of the last game here and was in on Artwich a number of other times without denting the nets.

Johnny Vasseau, one of the NM's highest scoring forwards this season, was blanked Tuesday night but is capable of breaking out of the slump any time. Jim Swenor, Roy Olson, Dick Marlowe, Ted Boesler, Cud VanOverloop, Bucky O'Neil, Quinn, Ellsworth, Gordon Olson and Pat McLaughlin make the Marquette lineup one of the most formidable in the circuit.

## Intense Rivalry

With the intense rivalry developing between Escanaba and Marquette in the late stages of the season, a session of heavy action is expected tonight. The clash may well draw one of the largest crowds of the season to the Palestra. Several hundred Hawk fans are expected to make the trip to Marquette.

In spite of the heated action in the game here Tuesday night there were no serious injuries. Vasseau suffered a face cut and Mark Olson's lip injury was aggravated, but both will be ready by tonight.

The recent thawing weather will have no effect on the artificial ice at the Palestra and the rink will be in its normal condition.

TRAJAN CAGERS—Two St. Joe Trojan cagers slated for heavy duty in the Class C regional tournament opener tomorrow night at Houghton are John Martinec, left, and Dick Bryson. Martinec is a senior guard who operates in a starting role with Bob Sendenburgh. Bryson, a junior, is battling for the starting center spot and has seen action in most St. Joe games this season. (Daily Press Photos)

## Light Heavy Champ Running Out Of Foes

ST. LOUIS (AP)—The door is open for anyone who wants to challenge Archie Moore for his light-heavyweight crown.

Moore bemoaned the lack of opponents Wednesday night after he won a unanimous decision over Nino Valdes in their 10-round nationally televised bout at the St. Louis Arena.

It was the fourth non-title appearance by Moore since he took the crown from Joe Maxim last Dec. 17. All four have been against heavyweights, and Moore kayoed all but Baldes.

Valdes, the 26-year-old Cuban heavyweight champ, just wouldn't fall over for the 36-year-old Moore.

Moore weighed in at 180 to 209½ for Valdes.

# Braves Fall To Tigers By Huge 14-10 Margin

ST. PETERSBURG, Fla. (AP)—Detroit's undefeated Tigers step up in class today. They take on the world champions, the New York Yankees, and they intend to do it with a couple of sophomore hurlers, Billy Hoelt and Ray Herbert.

So by nightfall Manager Fred Hutchinson may have a better line on what to expect from his array of new faces, taking over a club that finished dead last in the American League last season.

The Tigers ran their Grapefruit League victory string to four straight at Lakeland yesterday, walloping the Boston Braves of the National League, 14-10. But the Braves helped them along considerably with six errors in a game Boston would have won otherwise.

**Droppo Gets Homer**

The Tigers continued their home-run hitting streak, too. Walt Droppo hit one in the seven-run fifth inning to run the Detroit total to six in four games.

Despite Droppo's blast, the hitting star of the game so far as Detroit was concerned, turned out to be Rookie Russ Sullivan, who banged out two doubles and a single to account for four runs batted in. Harvey Kuenn and Owen Friend came up with two-for-three and Fred Hatfield got an even 1,000 with two-for-two.

The victory, however, may turn out to be a costly one for the Tigers. Eddie Kazak suffered a fractured bone in his left hand when he was struck by a pitch in

the first inning. Physicians said he may be out three weeks. He had been playing a solid third base.

**Bobbles Help**

Rookies Paul Foytack and Harold Erickson were clubbed for 11 hits, including homers by Ed Matthews, George Crowe and Bob Mainzer, but each of the three bobbled to help the Tigers along. Mainzer did it twice. Other errors also were committed by Sam Jethroe and Harry Hanebrink.

The Tigers wound up with 13 hits, but let 11 men stranded during the afternoon. The base runners left must have reminded Manager Hutchinson of the get-on, no-score outfit of last season.

A wild throw by Hanebrink, Sullivan's first double and a single by Droppo sent the Tigers away to a three-run lead in the first, but Boston came back with five in the third, with Rookie Bill Bruton hitting a bases-loaded double and Matthews poling his homer.

A pair of Boston miscues and Sullivan's second double racked up four for Detroit in the fourth. Then the big fifth-inning outburst, which included Droppo's homer, six singles, two of them by Hatfield, and three Boston errors sewed it up for the Tigers.

Boston N. 005 102 200—10 11 6  
Detroit A. 390 470 008—14 13 0  
Sunkent, J. Wilson 5, Conley 5, Burdette 8 and St. Claire; Foytack, Erickson 5 and Bucha, Ginsberg 6.

# Top Class A Quints Clash In Tournament

By JOE FALLS  
(Associated Press Sports Writer)

The "big" game comes up in the State High School Basketball Tournament tonight (Thursday), when Lansing Sexton and Flint Northern collide in a Class A natural at Flint.

Many experts feel that this game will decide the Class A championship, even though the finals aren't until next weekend.

Possession-minded Lansing Sexton rolled up a 16-0 record during the regular season, while Flint Northern compiled a 12-2 mark.

Flint Northern won its opening round game, whipping Owosso, 68-44, as the regional playoffs rolled into high Wednesday night.

**Coach Is Confident**

Lansing Sexton's coach, Cecil Nickel, is confident his team will win tonight—but he doesn't think it'll decide the championship.

"Many people have told me," Nickel said, "that this one will decide the title. But I don't believe that. It's a new season now, each team is on its own and to win it, you've got to get the breaks."

In addition to these two powers, there's another Class A club which must bear watching. It's Highland Park, the defending champion.

The Parkers, playing without their star forward Jim Engram, successfully opened defense of its title by whipping Hamtramck, 56-40.

**Protest On Age**

Following a protest from Saginaw, Engram was ordered not to play by State High School Athletic Director Charles E. Forsythe. Saginaw claimed to Forsythe that Engram was too old for competition.

Forsythe said he didn't want Engram to play until his office could investigate the charge.

Anyway, Highland Park didn't seem to miss Engram Wednesday night. George Lee and George Duncan took up the scoring slack, netting 17 and 16 points.

**Kalamazoo Beaten**

The team which Highland Park defeated in last year's finals—Saginaw-Arthur Hill—was sent to the sidelines Wednesday night. It lost to Bay City Central, 53-47.

Another Class A upset saw Kalamazoo Central eliminated by Benton Harbor, 53-47. Kalamazoo Central had won three straight tournament titles, in 1949, '50 and '51.

Three of last year's defending champions are listed for action tonight:

Detroit St. Andrew (Class B) meets Hamtramck St. Florian, Fowler (Class D) faces Whittemore and Nahma (Class E) goes against Bates.

# Seven-foot Cage Star Threat In Tournament

KANSAS CITY (AP)—The defending champion Springfield (Mo.) State stakes its balanced attack against Nebraska Wesleyan's pointmaking skyscraper, Don Boldebuck, in tonight's quarterfinal feature of the National Intercollegiate NAIA Basketball Tournament.

Springfield—officially Southwest Missouri State College—is rated as favorite because of advantage in experience and team shooting.

Boldebuck, a 7 foot sophomore who never played basketball in high school, has been the key man in Wesleyan's 25-2 record this winter. He's hit a total of 628 points in the 27 games while averaging about 18 minutes per contest.

**Makes 27 Points**

Wesleyan got into the quarterfinals by beating Arizona State of Tempe, 83-71, and with Boldebuck scoring 27 points before fouling out after one minute of service in the fourth period.

Opening the quarterfinal session will be the fast breaking Mississippi Southern University and three time champion Hamline University of St. Paul at 6 p. m. CST.

Findlay (O.) College, featuring the 235-pound Harold Wolfe, will meet Indiana State of Terre Haute, another former champion, in the second game. Then comes Springfield and Nebraska Wesleyan followed by East Texas State of Commerce and Tennessee A. & M. Springfield, which has a 21-4 mark for the winter, won much as it pleased Wednesday night over Stetson University of Deland, Fla., 88-71.

**Wolfe Sets Record**

Mississippi Southern put on a driving finish to whip Loyola of Baltimore, 94-83, in Wednesday's second round.

Hamline dropped Eastern Illinois

of Charleston, 88-86, on Lloyd Thorngaard's drive in shot in the last 20 seconds.

Wolfe set a new field goal record of 25 and piled up 54 points as Findlay defeated Pasadena Nazarene College, 96-93. The individual record of 56 points was set by Nate DeLong of River Falls Wis. in the 1947 meet.

Tennessee A. & I. scored a 79-56 victory over St. Benedict's of Atchison, Kan. The Tennessee club is the first Negro college team to participate in the tournament.

**Tiger Eddie Kazak Has Broken Hand**

LAKELAND, Fla. (AP)—Infielder Eddie Kazak of the Detroit Tigers suffered a broken bone in his left hand when he was hit by a first-inning pitch by Max Sunkent, of the Boston Braves, here yesterday.

Ironically, Plate Umpire Grover Froese of the American League ruled that the pitch struck Kazak's bat first and refused to give him first base.

Kazak had to retire—for the next three weeks, Fred Hatfield who came in to finish Kazak's time at bat struck out—the time at bat being charged to Kazak not Hatfield, who otherwise had a perfect two-for-two day.

**Name Ray Pavichevich Wolve Cage Captain**

ANN ARBOR (AP)—Ray Pavichevich, who played both guard and center in the 1952-53 season, will captain Michigan's basketball team in 1953-54.

A junior from East Chicago, Ind. Pavichevich was unanimously elected by fellow teammates yesterday. He succeeds Doug Lawrence.

## Choral Concert At GHS Thursday

Choral groups, including the mixed chorus and the a capella choir, will be heard in concert on the evening of Thursday, March 19, at 8:15 in the high school gym.

The following program has been arranged by Paul Cowen, director.

Ave Maria—Vittoria  
Hallelujah, from Mount of Olives—Beethoven

**Mixed Chorus**  
Crusaders Hymn  
Prayer  
Deep River  
Joshua Fit de Battle of Jericho  
**a capella choir**  
Every Time I Feel de Spirit  
Roll, Jordan, Roll  
Gospel Boogie (featuring the preaching deacon, Don Brewer)

**Mixed Chorus**  
My Merry Oldsmobile  
The Orchestra Song  
The Emperor Waltz

**Mixed Chorus**  
Mary Jo Bolger, Mary Alice Cameron and Louise will be the accompanists. There will be special soloists between the group numbers.

**NOTHING TO YAWN ABOUT**—The Air Force's first "flying repair shop" only brings a big yawn to the huge C-124 Globemaster, but to economy-minded Air Force officials it means the saving of \$18,000 for every item repaired. On the fighting front, this complete aircraft workshop will be airlifted from base to base repairing equipment which once had to be returned to the U. S. for maintenance. The 26-foot van was transformed into a complete shop in one week at the Gentile Air Force Depot, Dayton, Ohio.

## Congressional Quiz

By Congressional Quarterly

- Q—Can Congress play "Indian giver" on any of the \$80 billion in "accumulated obligatory authority" President Eisenhower told about in his Feb. 2 State of the Union speech?  
A—Congress has power to rescind previous appropriations through regular legislation. It did this on a big scale after World War II victory made many military appropriations unnecessary. On a smaller scale, many appropriations bills contain a rescission, or cancellation, of some previous appropriations. The accumulated spending authority referred to by the President was appropriated to allow the government to order military equipment for future delivery.
- Q—Is much money in the federal-state public assistance program going to people who aren't eligible?  
A—The Investigations Subcommittee of the Senate Government Operations Committee held a one-day hearing on this question and Jerome S. Adelman, Subcommittee assistant counsel, estimated that state-federal payments to ineligible persons averaged "\$60 million to \$75 million" yearly. He said in the last fiscal year, federal grants under the program were \$1,124,000,000. The federal money supplemented by state contributions, goes to the aged, dependent children, the blind and totally disabled.
- Q—Is the Senate going to investigate the charges of Patrick J. Hurley (R N.M.) that voting irregularities occurred in the Nov. 4 Senate election he lost to Sen. Dennis Chavez (R N.M.)?

MANILA (AP)—Four Chinese miners were buried alive recently when a cliff landslide into their mine and covered an engine shed in which they slept. A fifth man escaped with minor injuries.

It was the second such tragedy in the past few weeks in landslides caused by recent heavy rains. Four Chinese also were buried alive in the first disaster.

Archery Club To Practice Tonight

The Gladstone Archery club will meet this evening from 7:15 to 9:30 in the Gladstone high school gymnasium for practice. Last week about 30 archers were present and an even larger number are anticipated this evening by Conan E. Fisher, director of the project. Men, women and children who have their own archery equipment may join in the sport.

# Killer On Philippine Plane Gets Life Term

MANILA (AP)—A daring Chinese who pleaded guilty of murdering two crew members of a Philippine Air Lines plane while trying to divert it to Red China was sentenced to life imprisonment.

Ang Tiu-Chow, drew 20 years for the murder of Purser Eduardo Diago and life for the murder of Capt. Pedro Z. Perlas, pilot.

The double murder took place over Formosa Strait Dec. 31. Ang's plan to reach the Communist mainland was frustrated by Nationalist Chinese fighter pilots who forced the PAL plane down on Nationalist-held Quemoy Island, only a few miles from Ang's goal. The Nationalist fliers had been alerted by PAL passengers who signaled with mirrors from the plane windows.

Ang was fleeing a charge of attempting to murder a high school girl. He was convicted of that charge and sentenced to 19 years and eight months in jail.

# Lioness Chews Arm Of Trainer

SIMCOE, Ont. (AP)—Ken Hill, a wild animal trainer, lost his left arm at the elbow after an attack by a 250-pound African lioness. The animal had attacked Hill and two other persons on previous occasions.

The animal mangled Hill's arm from the shoulder to the wrist when he reached into her cage. The arm was amputated later at a hospital where Hill was taken by police.

Police impounded the lion and another which was in the cage. Last year the lion mauled Hill, tore the leg of a Vanessa, Ont., woman at Brantford, Ont., and later hurt an eight-year-old girl at Lethbridge, Alta.

Hill keeps several lions in winter quarters at a farm near Simcoe. He was fined \$100 and costs for failing to take precautions with a wild animal in a public place following the Brantford incident. Authorities were consulting on whether to take any action as a result of last night's attack.

# All Jewells

LIBERTY, Mo. (AP)—William Jewell won an election at William Jewell College yesterday—and he defeated a William Jewell to do it.

The new president of the William Jewell chapter of the Phi Gamma Delta fraternity is William Jewell, 19, son of Mr. and Mrs. Hugh N. Jewell, Rose, N. Y. His rival was William Jewell Wilson, 20, son of Mr. and Mrs. T. J. Wilson, St. Joseph, Mo.

Noah Webster took 21 years to prepare his American Dictionary of the English Language—from 1807 to 1828.

# Louisiana Baby No Cancer Case

BALTIMORE (AP)—Doctors who diagnosed a chubby little Louisiana girl said today that her parents don't need to worry about cancer—the youngster only has a minor tumor.

George A. Todd, 28-year-old dock worker, had brought his wife and three young girls here from their home in Harvey, La., in the hope of getting 18-month-old Betty Catherine treated at Johns Hopkins Hospital.

The family arrived here penniless, and Baltimoreans chipped in to help tide them over until they get on their feet. Nearly \$600 has been donated, the family has been offered apartment space and Todd has been given a job as mechanic with a tugboat firm.

Meantime, doctors at Johns Hopkins said they would operate on Betty next week. They said her condition could be corrected by "moderately simple surgery."

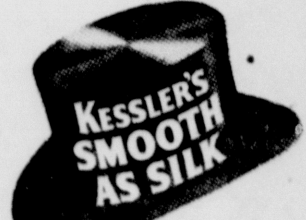

# MILK SOURCES

In one part of the world or another, human beings consume the milk of 11 different animals: asses, buffaloes, camels, cows, goats, horses, llamas, reindeer, sheep, yaks, and zebras. Of all these, reindeer supply the richest milk.
